Discussion and direction regarding the Sewer Connection Districts

City Manager Ryan Waller gave a presentation. Highlights of the presentation are:

- Current City Code
- Map of the districts
- Sewer Connection District Fees
- Impact of fees on development

- Direction needed:
 - Should the City keep the compounding interest?
 - How should newly established districts be handled?

It was the consensus of the Council Study Committee to work with legal counsel to eliminate the compounding interest in the sewer connection districts and to create a uniform flat-rate fee.

Meeting adjourned at 7:10 p.m.
