

**2012 Street Improvement Project**

On April 2, 2012 the City Council awarded the 2012 Street Improvement Project to Sternquist Construction. The project consists of 22 blocks of street and driveway approach replacements throughout the community with additional sanitary sewer, water main and storm sewer improvements throughout the project as well.

Sternquist Construction intends to begin the project April 23, 2012, along the North E Street corridor between Detroit and Girard and then will proceed on to North and South D Street between Highway 92 and West Clinton Avenue. A complete construction schedule is not available at this time. The estimated completion time for the entire project is December 2012.

Sternquist Construction will notify each property owner via a doorknocker prior to any street closure. If you have questions regarding any portion of the street reconstruction project please contact Community Development at 961-9430.

## Wood Mulch

Mulch is available at the Indianola Brush Facility during normal hours of operation free of charge. Individuals wanting mulch will need to provide their own containers and assistance is not normally provided except on the second Saturday of the month.

On the second Saturday of the month from 9:00 am - 12:00 pm assistance for loading pick-ups and/or trailers is provided for a fee of \$10.00 per load. The fee helps to off-set equipment and personnel expense. The fee will go into effect on May 14th for those wanting assistance with loading mulch material.

## Weeds & Tall Grass

The City of Indianola asks that all weeds and tall grass be kept mowed. In addition to enhancing the beauty of the community, keeping grass mowed reduces the severity of some allergies, slows the growth of additional weeds, and significantly reduces the danger of fire during hot, dry periods. Property owners are responsible for the maintenance of their properties.
