- Awards 3
- Boards and Commissions Membership 3-4
- Drug Abuse & Alcohol Commission 4
- Membership List 5
Awards

The City Council will award a plaque to those members of a Board or Commission who complete at least one full term.

Boards and Commissions Membership

The intent of this policy is to provide a process for selecting citizens interested in serving on a City board and/or commission. The City of Indianola desires to have diverse representation on its boards and commissions to reflect the age, race/ethnicity and gender (in accordance with Iowa Code 69.16A) of the Indianola community.

The Mayor makes the following appointments with the approval of the City Council:

- IMU Board of Trustees (6 years)
- Memorial Aquatic Center Commission (3 Years)
- Park and Recreation Commission (3 years)
- Senior Citizens Commission (3 years)
- Fine Art and Beautification Commission (3 years)
- Non-Judicial Human Relations Commissions (3 years)
- Cable and Communication Commission
- Civil Service Commission (4 years)
- Library Board of Trustees (6 years)
- Commission on Youth Affairs (2 years)
- Commission on Substance Abuse & Risk Behavior (3 years)
- Greater Des Moines Convention Center and Visitors Bureau Representative

The City Council makes the following appointments:

- Board of Adjustment/Appeals (5 years)
- Landfill Board
- YMCA Steering Committee
- Sustainability Committee
- BRAVO Greater Des Moines Representative
- City Council Administrative & Policy Committee
- Planning and Zoning Commission (5 years)
- CIRTPA/MPO Representative
- City Investment Committee
- Hometown Pride Committee
- Metro Advisory Committee
- WCEDC Board

Those appointments in italics are open to citizens. Others are a designated governmental appointee.

The following are procedures for appointing/reappointing a citizen:

- Boards and Commission openings will be listed six months in advance of a vacancy on the City’s web site by the City Clerk.
- Interested citizens should complete a volunteer application form by the posted deadline. The City will keep applications on file until December 31st of each year.
- The names of the citizens who express interest in serving on the Boards and Commissions appointed by the Mayor will be forwarded by the City Clerk to the Mayor for his/her review. The Mayor will consider the information provided on the application and make his/her recommendation to the City Council Administrative & Policy Committee for their consideration and recommendation to the Mayor and City Clerk.
The names of citizens who express interest in serving on the Boards and Commissions appointed by the City Council will be forwarded by the City Clerk to the City Council Administrative & Policy Committee for their review.

The name of the citizen recommended for the Board or Commission will be placed on the agenda for Council approval.

The City Council Administrative & Policy Committee will also bring forward appointments to the Landfill Board, CIRTPA, MPO, YMCA, Investment Committee, Sustainability Committee, Hometown Pride, BRAVO, Metro Advisory, WCEDC.

Factors that may be consider when recommending appointments include:

- What is the current gender balance of the Board/Commission?
- The area of town in which a candidate resides, are all areas represented?
- Are there too many members with similar occupations, should other occupations be represented?
- Are there potential conflicts of interests if a certain candidate were chosen to serve?
- What expertise and/or experience does the candidate bring to the Board/Commission?
- Does the candidate serve on more than one board/commission?
- How long has the person served on the board/commission?
- If they are currently serving on a board/commission how effective have they been in serving on the board/commission?
- If they are currently serving on a board/commission, has their attendance been acceptable?
- Only one member of an immediate family i.e. husband, wife, father, mother, son, daughter, brother, sister, may be on the same board or commission at a time.
- City employees may serve as members on City boards and commissions that are established by ordinance. However, City employees shall not serve on boards/commissions that govern their respective departments. City employees will be subject to the normal selection procedure which provides mayoral appointment and council approval. The council reserves the right to approve all appointments and shall not approve City employees when potential conflicts of interest may be present.

Attendance: Attendance is critical to the successful functioning of a board/commission. Staff shall monitor attendance to assure members are participating to an acceptable level. If attendance problems occur, staff shall inform the board/commission chair and/or the Mayor and City Council to consider action to assure the board/commission has active/participating members.

**Drug Abuse and Alcohol Commission**

The Council has established through Ordinance 2-11 the Indianola Drug Abuse and Alcohol Commission and has limited its membership to residents of the City of Indianola. It acknowledges however, that additional assistance can prove very helpful and therefore provides for non-resident consultants/advisors to work with the Commission in various related areas. The consultants/advisors shall assist the Commission on policy matters but shall not have any voting authority. This commission shall select its consultant/advisors subject to the approval of the Mayor.

*Adopted by City Council on July 6, 1987.*
**Membership List**

A listing of commissions and board members, including the expiration date of their appointments shall be prepared and provided at the first annual Council meeting in January.
COUNCIL/MAYOR

- Agenda 7
- Mayoral Expenditures Budget 7
- Orientation 7
- Procedural Rules & Roberts Rules of Order 8-10
- Executive Session Policy 11
- Workplace Harassment and Violence Prevention 12
**Agenda**

The Council agreed that it be established as Council policy that any request for funds from the City be in writing before being placed on the Council agenda, otherwise it would be considered only under "other business."

*Adopted by City Council on February 22, 1977.*

**Mayoral Expenditures Budget**

Expenditures to be charged to the Mayoral budget are defined as those specifically related to the duties and functions of the Mayor's office as opposed to those of a city function. Expenses, other than mileage, shall be reimbursed when performed within the corporate limits of the City of Indianola.

*Adopted by City Council on April 20, 1981.*

**Orientation**

After election and prior to taking office, newly-elected council members shall be invited to attend an orientation meeting with the City Manager and/or other appointed staff members for the purpose of an explanation of how the City functions, tour of the facilities, and an update of the financial condition of the City.

*Adopted by City Council on February 4, 1974.*
City Council Procedural Rules

PART I: GENERAL PROVISIONS

Rule 1: Scope
These rules shall govern the conduct of the City Council and shall be interpreted to insure fair and open deliberations and decision making.

Rule 2: Rules of Order
Rules of order not specified within this document or, otherwise, by State statute, City ordinance or resolution shall be governed by the generally accepted rules of procedure found in Robert’s Rules of Order, Newly Revised, and shall govern City council meetings unless a change from those rules is approved by the Council for a specific reason.

Rule 3: Matters Not Covered
Any matter of order or procedure not covered by these rules shall be decided by the presiding officer, with the assistance and advice of the City Attorney.

Rule 4: Interpretation
These rules are intended to supplement, and shall be interpreted to conform with, the Statutes of the State of Iowa, an Ordinances or resolution of the City of Indianola.

PART II: TIME AND PLACE OF MEETINGS

Rule 5: Regular Meetings
Regular meetings of the City Council are held every first and third Monday of the months at 6:00 p.m. and 7:00 p.m. respectfully in the council chambers of the City Hall located at 110 N. 1st Street, Indianola, IA. When a Council meetings Monday falls on a holiday, the meeting shall be held at the regular hour on the next succeeding day that is not a holiday. Council may continue, reschedule or postpone any regular meeting to another date and time, or may cancel a meeting.

Rule 6: Special Meetings
Special meetings may be called 24 hours in advance in accordance with State Statues. The call for a special meeting shall specify the place, day, hour and agenda for the meeting and shall be posted at the City Hall entrances.

PART III: CONDUCT OF MEETINGS

Rule 7: Call to Order
The Mayor or Mayor Pro Tem shall call the meeting to order at the appointed hour. In the absence of the Mayor or Mayor Pro Tem, the City Clerk shall call the meeting to order and a temporary Presiding Officer shall then be selected, in accordance with Rule 8.

Rule 8: Presiding Officer
The Mayor, or in the Mayor’s absence or incapacity, the Mayor Pro Tem, shall be the Presiding Officer at all Council meetings. If both the Mayor and Mayor Pro Tem are absent the Council members present will select the Presiding Officer by vote.
Rule 9: Control of Discussion

The Presiding Officer shall facilitate discussions of the Council on Agenda items to promote equitable participation in accordance with these rules.

Rule 10: Discussion

A Council member shall speak after being recognized by the Presiding Officer. A Council member, after being recognized, shall not be interrupted, except by the Presiding Officer, in the event it is necessary to enforce these rules.

Rule 11: Limit on Remarks

Each Council member shall limit his/her remarks to a reasonable length. A Council member recognized for a specific purpose shall limit remarks to that purpose.

Rule 12: Presiding Officer’s Right to Enter into General Discussion

The Mayor, or other Presiding Officer as a member of the Council, may enter into general discussion where there is no motion pending. In all debate where there is a pending motion, the Presiding Officer must step down to participate in such debate.

Rule 13: Presiding Officer’s Right to Close Debate

The Presiding Officer has the right to close debate where there is no motion pending, unless a majority of the Council members present vote to continue the discussion. In all cases where there is a motion pending, the proponent of the motion has the right to make closing remarks on the motion.

PART IV: CITIZEN PARTICIPATION

Rule 14: Citizen’s Right to Address Council

Persons other than the Mayor or a Council member shall be permitted to address the Council during the “Public Forum” or public hearing portions of the Agenda or at other times as determined by the Mayor or the City Council.

Rule 15: Manner of Addressing Council

Persons wishing to speak may notify the Presiding Officer prior to commencement of the council meeting that they wish to speak on a specific item. However, should they determine that they wish to speak during the meeting they should stand to indicate their request to be recognized by the Presiding Officer.

1. Public Forum – Non-Agenda Items. Members of the Public in attendance at the council meeting who desire to address matters not on the current agenda may request time to address the Council during the Public Forum portion of the agenda, when provided. The person desiring to address the Council shall stand up and upon being recognized by the Presiding Officer shall approach the podium and state their name, address and general subject of their comments. If speaking on behalf of a group or organization, it should be so stated. The Presiding Officer may then allow the comments subject to such time limitations as the officer deems reasonable and appropriate, generally five (5) minutes. Following the citizen comments, the Presiding Officer may place the matter on a future agenda, refer the matter to the City Manager for further investigation and report or may make no further comment or disposition of the matter.

2. Current Agenda Items. After a pending agenda items has been moved and seconded, but prior to council discussion and deliberation, the Presiding Officer may recognize citizens who wish to speak on a pending Agenda measure. The Presiding Officer shall first rule on the relevance and appropriateness of the proposed public comments prior to recognizing the speaker. If deemed relevant and appropriate, the Presiding Officer shall recognize the
speaker. All verbal presentations shall be made at the podium. The speaker shall begin by first stating their name, address and the general subject of their presentation. The Presiding Officer may change the order of speakers so that comments are heard in a logical format, e.g., proponents, opponents, adjacent property owners, vested interests, etc. The Presiding Officer may allow the comments subject to such time limitations as the Officer deems necessary, generally five (5) minutes per speaker.

3. Public Hearing Agenda Items: Members of the Public in attendance at the council meeting may speak about an action with regarding to an agenda item noted as a public hearing before any item has been moved and seconded by the Council. The speaker shall use the podium and begin by first stating their name, address and purpose for addressing the council. Their comments should be subject to the stated time limits, generally five (5) minutes per speaker.

Rule 16: Time limit on Citizen’s Remarks

An individual citizen shall be limited to five minutes speaking on any subject covered under Rule 14, unless additional time is granted by the Presiding Officer or a majority of those Council members present. Total citizen input on any subject under Council consideration may be limited to a fixed period by the Presiding Officer.

Rule 17: Remarks of Citizens to be Germane

Citizen comments must be directed to the subject under consideration. The Presiding Officer shall rule on the germaneness of citizen comments. Citizens making personal, impertinent, or slanderous remarks shall be barred by the Presiding Officer from further comment before the City Council during that meeting.

PART V: AMENDMENT OF PROCEDURAL RULES

Rule 18: Suspending Procedural Rules

These rules may be suspended by the City Council for duration of the current meeting following a majority vote of the Council Members present.

Rule 19: Amendments to Procedural Rules

These rules may be amended through a resolution adopting such a change by a majority vote of the entire Council.

*Adopted by City Council on July 5, 2011 (also Robert’s Rules of Order)*
EXECUTIVE SESSION POLICY

City Council meetings will be open meetings unless a closed session or exempt meeting is allowed by law. The City Council may hold a closed session or exempt meeting in the situations stated below.

Exceptions to the Open Meetings Law

Closed sessions take place as part of an open meeting. The item for discussion in the closed session will be listed as part of the tentative agenda on the public notice. The motion for a closed session, stating the purpose for the closed session, will be made and seconded during the open meeting. A minimum of two-thirds of the City Council, or all of the City Council members present, must vote in favor of the motion on a roll call vote. Closed sessions will be recorded and have detailed written minutes maintained by the City Clerk and/or City Manager. Any action on matters discussed in the closed session will be taken in an open meeting.

The minutes and the audio recording will restate the motion made in the open meeting, the roll call vote, the members present, and the time the closed session began and ended. The audio recordings and the written minutes will be kept for one year from the date of the meeting. Real estate related minutes and tapes shall be made public after the real estate transaction is completed.

The detailed minutes and audio recordings will be secured (via appropriate means including electronic) and will not be public records open to public inspection. The minutes and audio recording will only be available to the City Council members, other City officials who were entitled to be at the Executive Session or opened upon court order in an action to enforce the requirements of the open meetings law.

Procedure for City Council members to listen/view of closed session:

- Submit a request to the City Clerk, City Attorney and City Manager;
- Arrangements will be made to review the minutes and audio recording; and
- A log will be maintained of access to minutes and audio recording.

Adopted May 21, 2018
Workplace Harassment and Violence Prevention

The purpose of this policy is to maintain a professional workplace that is as free as possible of harassment and violence and to provide a reporting system. For this policy, the definition of harassment and violence shall include, but not be limited to: escalating harassment, threats, repeated inappropriate workplace language, physical violence, hostile behavior, stalking, intimidation, property damage, and other similar behaviors that severely disrupt an employee’s ability to carry out their assigned duties.

A. Potential Violators
No employee, city official, or member of the general public, through the course of their employment, term of office, appointment, or other interactions with City employees conducting official City affairs, shall harass or engage in violent behavior against employees of the City.

B. Reporting Procedure
Employees should report work-related incidents, from any source, to their immediate supervisor and to the Director of Human Resources. The Director of Human Resources shall document the alleged incident and inform the City Manager of the allegation, or, if the alleged incident involves the City Manager, the City Attorney.

The Respective Manager (or, if appropriate, the City Attorney) and Director of Human Resources shall investigate the alleged incident. Upon finding that harassment or violence occurred, they shall:

- Impose appropriate disciplinary action if involving another City employee
- Report the incident to the Mayor if involving the City Manager
- Report the incident to the City Attorney and Mayor if involving a Council or Trustee Member
- Report the incident to the City Attorney and Mayor Pro Tem if involving the Mayor
- Report the incident to the City Attorney if involving a member of the general public. The City Attorney shall then determine appropriate legal actions and advise the Council or Trustees if additional legal action is warranted

If the Mayor or Mayor Pro Tem are notified of an incident, they shall work with the City Attorney or other legal counsel to investigate, arbitrate, or otherwise dispose of the incident in a manner that best represents the public’s interest and, upon its disposal, inform the City Council or Trustees.

C. Results
The City employee behavior that violates this policy may be subject to disciplinary action under the City’s employment policies. Appropriate legal action may be imposed upon the general public or other non-employee public officials who violate this policy.

Nothing in this policy precludes the City from applying additional personnel policies for specific incidents, such as sexual harassment or discrimination, where applicable.

Adopted by City Council on August 4, 2008.
EMPLOYEES

- Employee Recognition Policy 14
- Personnel Manual 15
**Employee Recognition Policy**

The city acknowledges the importance of recognizing employees, elected and appointed officials during certain occasions and therefore the following policy shall be followed:

1. **Awards Banquet:** The city may approve funding toward employee recognition such as the annual awards banquet to offset costs for dinner, entertainment and employee awards. Recognition may include, but is not limited to service certificates and plaques, safety awards, sick leave (lack of use) incentives.

2. **Retirement Recognition:** The city may recognize an employee who retires from service by hosting a retirement recognition gathering. The amount spent shall not exceed $200.00. In addition, a plaque or certificate may be provided.

   This policy does not prohibit employees from making gifts with private contributions.

3. **Death in Family:** The city may send condolences to current and former employees, elected and appointed officials, who experience a death in their “immediate family” as defined in the Personnel Management Guide and/or Union Contract. The amount spent shall not exceed $50.00.

*Adopted by City Council on March 3, 1997.*
**Personnel Manual**

The Council shall establish and maintain a personnel policy manual including but not limited to policies on hiring, firing, sick leave, job qualifications, job descriptions, salary schedules, etc.

*Adopted by City Council on February 4, 1974.*
FINANCIAL POLICIES

- Annual Audit Policy 17

- Continuing Disclosure Policy 57-66
**Annual Audit Policy**

The purpose of this policy is to provide for a comprehensive annual financial report (CAFR) and an annual audit of financial reports contained in the CAFR. Therefore, it shall be the policy of the City of Indianola that:

1. The City Council shall solicit proposals from qualified firms at least every 3 years to provide auditing services. The city council shall procure a firm to perform an annual audit of financial reports contained in the CAFR. Qualified firms are an independent firm of licensed certified public accountants or the Auditor’s Office for the State of Iowa.

2. Audits shall be performed in accordance with generally accepted auditing standards, Chapter 11 of the Code of Iowa, and the standards applicable to financial audits contained in standards issued by the Comptroller General of the United States. The council shall annually review and approve the report of the independent auditor at a meeting open to the public.

3. Audits shall be performed in accordance with OMB Circular A-133, also known as a single audit, if expenditures under Federal awards exceed $500,000 for the fiscal year. Single audit reports shall be submitted to the Federal Audit Clearinghouse within the earlier of 30 days after receipt or nine months after the end of the fiscal year.

4. The Director of Finance, as the designated Chief Accounting Officer, shall publish within nine months of the close of each fiscal year a complete set of audited financial statements. The comprehensive annual financial report, and reports for all component units, shall be submitted to the Auditor’s Office for the State of Iowa by March 31 of each year (as per Iowa Code).

*Adopted by City Council on April 18, 2005.*
**Accounting System Policy**

The purpose of the accounting system policy is to enable the preparation of financial statements presented in conformity with applicable laws, rules, and regulations. The accounting system shall be structured in the following manner:

1. The Director of Finance, as the designated as the Chief Accounting Officer, shall implement procedures to implement this policy.
2. A fund accounting system that differentiates between the General Fund and other funds required to be separately accounted for by law, rule, or regulation.
3. Accounting codes that differentiate between assets, liabilities, receipts or revenues, and disbursements or expenditures for each fund.
4. Accounting codes that differentiate between revenue and expenditures by Federal or state grant programs as well as other programs and activities.
5. Utility billing system providing for customer billing of utility consumption and other appropriate fees and voluntary contributions.
6. Payroll database system for compensation of employees as provided in the Salary Resolution or as otherwise approved by the City Council.
7. Provide for a report to be reconciled with those of the City Treasurer as described in the Cash Management Policy.

**Procedures**

The following procedures have been approved by the governing body to implement the Accounting System Policy. As part of these procedures, the Director of Finance may segregate duties between or delegate responsibilities to the City Clerk, Payroll/Utility Billing Clerk, Accounts Payable Clerk, Cashier, and other part-time employees.

**General Ledger:**

1. The Director of Finance or designee shall maintain a Chart of Accounts of all account codes.
2. The Accounts Payable Clerk or designee shall prepare and enter all general ledger entries.
3. The Director of Finance or designee shall review and approve all general ledger entries on a monthly basis.

**Utility Billing:**

1. The Utility Billing/Payroll Clerk or designee shall prepare and enter all utility billing information including account set up, consumption readings, adjustments, and account terminations.
2. No adjustments may be made to any Clerk’s Office employee’s personal utility account without the prior approval of the City Clerk or City Manager, if to the City Clerk’s account.
3. All billing and collection procedures shall be in compliance with applicable rules and regulations promulgated by the Iowa Utilities Board and the municipal utility board.
Payroll:

1. Salaries and wages shall be supported by timesheets that separately report time worked on different projects and leave time.
2. Timesheets shall be attested to as accurate by both the employee and a supervisor familiar with the employee’s activities.
3. Payroll disbursements are subject to the policies and procedures detailed in the Cash Management Policy.
4. No adjustments may be made to any Clerk’s Office personnel account without the prior approval of the City Council, City Clerk or City Manager, if to the City Clerk’s account.

*Adopted by City Council on April 18, 2005.*
Capitalization Thresholds for Financial Reporting

Pursuant to requirements to report fixed assets on financial statements, the threshold for reporting additions to fixed assets shall be established as follows:

1. All non-infrastructure capital items with a useful life less than two years from the date of acquisition or an individual item cost of less than $5,000 shall be expensed.
2. All non-infrastructure capital items or projects with a useful life of at least two years from the date of acquisition and an individual cost of at least $5,000 shall be added to applicable fixed asset schedules.
3. All costs for infrastructure assets shall be added to applicable fixed asset schedules.

Nothing in this policy shall be construed to limit the inclusion of expensed capital items in inventory management systems.

Adopted by City Council on November 17, 2003.
Cash Management Policy

The purpose of the cash management policy is to provide an efficient, cost-effective method of processing cash transactions. Therefore, it shall be the policy of the City of Indianola to:

1. Annually adopt a resolution naming depository for all institutions that can be utilized for deposit accounts.
2. Annually adopt an investment policy for delegating the responsibility of investing cash balances to the appropriate parties and providing guidelines for the investment of funds.
3. Designate the City Treasurer as responsible for the safe custody of all city funds (as per Chapter 19 of the Code of Ordinances).
4. Designate the City Manager as responsible for supervising and directing the official conduct of all officers of the city under the management and control of the City Council, including the City Clerk (as per Chapter 21 of the Code of Ordinances). The City Manager shall implement procedures to delegate fiscal responsibilities while maintaining effective internal controls. As such, the Director of Finance is designated as the Chief Accounting Officer and has the authority to implement accounting procedures needed to maintain effective internal controls over city funds.
5. Approve all expenditures at meetings open to the public and provide for the publication of the expenditure report (as per Iowa Code). Annually, the City Clerk shall provide for the publication of all actual salaries and wages for all personnel under the management and control of the City Council.
6. Approve a summary report of all receipts by fund at meetings open to the public and provide for the publication of the said report (as per Iowa Code).
7. Annually adopt a Salary Resolution setting compensation rates and benefits for all employees under the management and control of the City Council at the beginning of each fiscal year. Increases in compensation throughout the year shall be approved by roll call of the City Council.
8. Reconcile the Director of Finance accounting of deposits, withdrawals, and fund balances as described in the Accounting System Policy to the account balances attested to by the City Treasurer. The City Council shall review and approve the reconciliation report on a monthly basis.

Procedures

The following procedures have been approved by the governing body to implement the Cash Management Policy. As part of these procedures, the City Clerk may segregate duties between or delegate responsibilities to the Payroll/Utility Billing Clerk, Accounts Payable Clerk, Cashier, and other part-time employees.

Account Maintenance:

1. The Director of Finance is the designated official authorized to sign checks.
2. Bank statements are to be reconciled on a monthly basis by the Accounts Payable Clerk with oversight by the Director of Finance.
3. Blank checks shall be safeguarded and stored in a vault or other non-public areas not accessible by non-administrative personnel.
4. No checks are to be issued without prior approval by the City Council.
**Deposits:**

1. The Cashier or designee shall be provided information pertaining to all amounts owed to the City of Indianola.
2. All checks or cash to be deposited shall be delivered to the Cashier or designee as soon as practical from the time collected by any city employee or official. Each department that receives checks or cash shall deliver to the Cashier or designee information showing that amounts actually received balance, within reasonable variance, what was delivered to the Cashier or designee.
3. The Cashier or designee shall provide, and retain a copy of, receipts for all amounts collected.
4. The Cashier or designee shall prepare a daily receipt report totaling all deposits into city accounts. The report shall balance, within reasonable variance, the actual amount deposited for the period covering that report.
5. The Director of Finance, or designee, shall request funds for projects funded by federal or state awards in accordance with the appropriate rules and regulations. All requests shall be provided to the Cashier for receipt purposes as soon as practical from the time requested. All requests for funds shall be timed in accordance with the actual immediate cash requirement of carrying out the approved project. Requests are not to be made to cover future expenditures, unless explicitly allowed by the appropriate funding authority for that specific project.

**Purchasing:**

All expenditures by any board, commission, or employee shall be reasonable in nature and necessary to attain the public purposes set forth in the annual budget as adopted by the City Council. In all purchasing decisions, the goal is to use the lowest responsive/responsible supplier using cost and any other factors deemed prudent by the board, commission, or employee. These procedures may be waived during bona-fide emergencies. The following procedures shall apply:

1. Where authority is granted in the Code of Ordinances, boards and commissions are authorized to approve the purchase of budgeted items by a majority or quorum vote. Documentation of this shall consist of a listing of claims accompanied by the minutes.
2. The City Manager is authorized to purchase budgeted items, non-budgeted items up to $25,000, and other items as authorized by the City Council and to delegate purchasing authorities as appropriate. As such, each Department Head is authorized to purchase budgeted items, or as otherwise authorized by the City Manager, for the individual fund for which they have supervisory authority. Department Heads are authorized to reasonably substitute individual items from those budgeted but must obtain approval from the City Manager before exceeding total budgeted expenditures for the funds for which they have supervisory authority.
3. Each Department Head or the Director of Finance shall attest to the authorization to disburse funds to pay for their department’s approved purchases (henceforth called a claim). This authorization may be delegated at the discretion of the Department Head. The Director of Finance shall attest to the claims directly approved by the City Council, any official board or commission action in the absence of any other employee authorized by the official board or commission, and to reimburse the City Manager or any other employee of the city. The City Manager shall attest to the claims to pay for reimbursements to the Director of Finance.
4. Purchasing of items for projects funded by federal or state grant awards shall be limited to the minimum amounts needed to cover allowable project costs.

**Disbursements:**

1. All approved claims shall be submitted to the Accounts Payable Clerk or designee as soon as practical from the time received by any city employee or official.
2. The Accounts Payable Clerk or designee shall review all claims for appropriate approval and consistency with policies and procedures prior to processing disbursements.
3. The Accounts Payable Clerk shall provide a report of all non-payroll associated claims to the Director of Finance, who shall in turn submit it to the City Council for approval.
4. The Payroll/Utility Billing Clerk shall maintain the payroll system in accordance to the Salary Resolution and other policies adopted by the City Council.
5. The Payroll/Utility Billing Clerk shall prepare a bi-weekly payroll and any associated claims for deductions, taxes, or other benefits.
6. The Payroll/Utility Billing Clerk shall provide a report of all payroll-associated claims to the Director of Finance, who shall in turn submit it to the City Council for approval.
7. Checks shall be approved and signed by the Director of Finance, or as otherwise authorized by the City Council.
8. The Director of Finance is expressly authorized to make disbursements using electronic means for the following items:
   • Payment of debt, or interest on debt, previously approved by resolution of the City Council or any authorized board or commission.
   • Payment of payroll-associated claims including voluntary deductions, remittance of taxes, or other benefits as described in resolutions and policies adopted by the City Council.
   • Payment of credit card and bank account fees under agreements previously approved by the City Council.
   • Remittance of sales and use taxes to the State of Iowa.
   • Payment of self-funded health insurance and flex spending claims as approved by a third-party administrator under contracts approved by the City Council.
   • Payment to settle contracts with specifically identified and scheduled payments previously approved by the City Council.

Adopted by City Council on April 18, 2005; amended August 4, 2008, amended May 21, 2018
**Investment Policy**

Section 1 -- Scope of Investment Policy

The Investment Policy of the City of Indianola shall apply to all operating funds, bond proceeds and other funds and all investment transactions involving operating funds, bond proceeds and other funds accounted for in the financial statements of the City of Indianola. This policy also applies to Indianola Police Retirement Funds in excess of the funding of the Municipal Fire and Police Retirement System of Iowa (MFPRSI). Each investment made pursuant to this Investment Policy must be authorized by applicable law and this written Investment Policy.

The investment of bond funds or sinking funds shall comply not only with this investment policy, but also be consistent with any applicable bond resolution.

This Investment Policy is intended to comply with Iowa Code Chapter 12B and 12C.

Upon passage and upon future amendment, if any, copies of this Investment Policy shall be delivered to all of the following:

1. The governing body or officer of the City of Indianola to which the Investment Policy applies.
2. All depository institutions or fiduciaries for public funds of the City of Indianola.
3. The auditor engaged to audit any fund of the City of Indianola.

In addition, a copy of this Investment Policy shall be delivered to every fiduciary or third party assisting with or facilitating investment of the funds of the City of Indianola.

**SECTION 2 -- DELEGATION OF AUTHORITY**

In accordance with Section 12B.10(1), the responsibility for conducting investment transactions resides with the Treasurer and Finance Director of Indianola. Only the Treasurer and Finance Director and those authorized by ordinance or resolution may invest public funds and a copy of any empowering ordinance or resolution shall be attached to this Investment Policy.

All contracts or agreements with outside persons investing public funds, advising on the investment of public funds, directing the deposit or investment of public funds or acting in a fiduciary capacity for the City of Indianola shall require the outside person to notify in writing the Finance Director within thirty days of receipt of all communication from the Auditor of the outside person or any regulatory authority of the existence of a material weakness in internal control structure of the outside person or regulatory orders or sanctions regarding the type of services being provided to the City of Indianola by the outside person.

The records of investment transactions made by or on behalf of the City of Indianola are public records and are the property of the City of Indianola whether in the custody of the Finance Director or in the custody of a fiduciary or other third party.

The Treasurer and Finance Director shall establish a written system of internal controls and investment practices. The controls shall be designed to prevent losses of public funds, to document those officers and employees of the City of Indianola responsible for elements of the investment process and to address the capability of investment management. The controls shall provide for receipt and review of the audited
financial statement and related report on internal control structure of all outside persons performing any of
the following for this public body.

1. Investing public funds.
2. Advising on the investment of public funds.
3. Directing the deposit or investment of public funds.
4. Acting in a fiduciary capacity for this public body.

A Bank, Savings and Loan Association or Credit Union providing only depository services shall not be
required to provide an audited financial statement and related report on internal control structure.

The Treasurer of Indianola and all employees authorized to place investments shall be bonded in the amount
of $25,000.

SECTION 3 -- OBJECTIVE OF INVESTMENT POLICY

The primary objectives, in order of priority, of all investment activities involving the financial assets of the
City of Indianola shall be the following:

1. **Safety**: Safety and preservation of principal in the overall portfolio is the foremost investment
   objective.

2. **Liquidity**: Maintaining the necessary liquidity to match expected liabilities is the second
   investment objective.

3. **Return**: Obtaining a reasonable return is the third investment objective.

SECTION 4 -- PRUDENCE

The Treasurer of Indianola, when investing or depositing public funds, shall exercise the care, skill,
prudence and diligence under the circumstances then prevailing that a person acting in a like capacity and
familiar with such matters would use to attain the Section 3 investment objectives. This standard requires
that when making investment decisions, the Treasurer shall consider the role that the investment or deposit
plays within the portfolio of assets of the City of Indianola and the investment objectives stated in Section 3.

SECTION 5 -- INSTRUMENTS ELIGIBLE FOR INVESTMENT

Assets of the City of Indianola may be invested in the following:

- Interest bearing savings accounts, interest bearing money market accounts, and interest-bearing
  checking accounts at any bank, savings and loan association or credit union in the State of
  Iowa. Each bank must be on the most recent Approved Bank List as distributed by the
  Treasurer of the State of Iowa or as amended as necessary by notice inserted in the monthly
  mailing by the Rate Setting Committee. Each financial institution shall be properly declared as
  a depository by the governing body of the City of Indianola. Deposits in any financial
  institution shall not exceed the maximum approved by the governing body of the City of
  Indianola.

- Obligations of the United States government, its agencies and instrumentality’s.
• Certificates of deposit and other evidences of deposit at federally insured depository institutions approved and secured pursuant to Chapter 12C.

• Iowa Public Agency Investment Trust (IPAIT).

• Prime bankers’ acceptance that mature within 180 days of purchase and that are eligible for purchase by a federal reserve bank.

• Commercial paper or other short-term corporate debt that matures within 270 days of purchase and is rated within the highest classification, as established by at least one of the standard ratings services approved by the superintendent of banking. If rated by two services, the highest classification in both.

• Repurchase agreements collateralized at no less than 102% and provided that the underlying collateral consists of obligations of the United States government, its agencies and instrumentality’s and the Finance Director takes delivery of the collateral either directly or through an authorized custodian. Broker/dealer must be of highest rating or bank must be on Approved Bank List discussed earlier in this Policy Section.

• An open-end management investment company registered with the Securities & Exchange Commission under the federal Investment Company Act of 1940, 15 U.S.C. Section 80(a) and operated in accordance with 17 C.F.R. Section 270.2a-7, whose portfolio investments are limited to those instruments individually authorized in Section 5 of this Investment Policy.

• Mortgage Backed Securities that are unleveraged, straight fixed or floating rate and are issued directly by a U.S. Government Agency or securitized by Government Agency sponsored mortgages.

• All instruments eligible for investment are further qualified by all other provisions of this Investment Policy, including Section 7 investment maturity limitations and Section 8 diversification requirements.

SECTION 6 -- PROHIBITED INVESTMENTS AND INVESTMENT PRACTICES

DERIVATIVES AND STRUCTURED SECURITIES DEFINED

Financial derivatives are broadly defined as financial instruments which derive their value from the performance of a wide assortment of financial contracts, including structured debt obligations and deposits, swaps, exchange traded futures, exchange traded over the counter options, caps, floors, collars, mortgage backed securities, foreign exchange forwards, tender option bonds, and various combinations thereof.

Assets of the City of Indianola shall not be invested in the following:

1. Any derivative or structured security which does not have a readily available pricing service or broker/dealer quote source.

2. Any derivative or structured security whose duration cannot be modeled effectively.
3. Any derivative or structured security with exposure to the following: borrowing/external leverage, foreign currency, equity, commodity licenses or other non-fixed income instruments.

4. Any other derivative or structured security not specifically named as eligible in Section 5.

5. Reverse repurchase agreements.

6. Futures and options contracts.

Assets of the City of Indianola shall not be invested pursuant to the following investment practices:

1. Trading of securities for speculation or the realization of short-term trading gains.

2. Pursuant to a contract providing for the compensation of an agent of fiduciary based upon the performance of the investment assets.

3. If a fiduciary or other third party with custody of public investment transaction records of the City of Indianola fails to produce requested records when requested by this public body within a reasonable time, the City Treasurer shall make no new investment with or through the fiduciary or third party and shall not renew maturing investments with or through the fiduciary or third party.

SECTION 7 -- INVESTMENT MATURITY LIMITATIONS

- Operating Funds must be identified and distinguished from all other funds available for investment. Operating Funds are defined as those funds which are reasonably expected to be expended during a current budget year or within fifteen months of receipt.

- All investments authorized in Section 5 are further subject to the following investment maturity limitations:

  1. Operating Funds may only be invested in instruments authorized in Section 5 of this Investment Policy that mature within three hundred ninety-seven (397) days.

  2. The Treasurer may invest funds of the City of Indianola that are not identified as Operating funds in investments with maturities longer than three hundred ninety-seven (397) days. However, all investments of the City of Indianola shall have maturities that are consistent, with the needs and uses of the City of Indianola.

  3. The diversity of fixed income securities shall match cash flow needs with an absolute effective duration range of 2-5 years.

SECTION 8 -- DIVERSIFICATION

Investments of the City of Indianola are subject to the following diversification requirements:

Prime bankers' acceptances:

1. At the time of purchase, no more than ten percent (10%) of the investment portfolio of the City of Indianola shall be invested in prime bankers' acceptances, and
2. At the time of purchase, no more than five percent (5%) of the investment portfolio of the City of Indianola shall be invested in the securities of a single issuer.

Commercial paper or short-term corporate debt:

1. At the time of purchase, no more than ten percent (10%) of the investment portfolio of the City of Indianola shall be in commercial paper or other short-term corporate debt, and

2. At the time of purchase, no more than five percent (5%) of the investment portfolio of the City of Indianola shall be invested in the securities of a single issuer.

Where possible, it is the policy of the City of Indianola to diversify its investment portfolio. Assets shall be diversified to eliminate the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer, or a specific class of securities. In establishing specific diversification strategies, the following general policies and constraints shall apply:

1. Portfolio maturities shall be staggered in a way that avoids undue concentration of assets in a specific maturity sector. Maturities shall be selected which provide stability of income and reasonable liquidity.

2. Liquidity practices shall ensure that the next scheduled disbursement is covered through maturing investments, marketable U.S. Treasury bills or cash on hand.

3. Risks of market price volatility shall be controlled through maturity diversification so that aggregate price losses on instruments with maturities approaching one year shall not be greater than coupon interest and investment income received from the balance of the portfolio.

SECTION 9 -- SAFEKEEPING AND CUSTODY

All invested assets of the City of Indianola involving the use of a public funds’ custodial agreement, as defined in Section 12B.10, shall comply with all rules adopted pursuant to Section 12B.10. All custodial agreements shall be in writing and shall contain a provision that all custodial services be provided in accordance with the laws of the state of Iowa.

SECTION 10 -- ETHICS AND CONFLICT OF INTEREST

The Treasurer and all officers and employees of the City of Indianola involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

SECTION 11 -- REPORTING

The Treasurer shall submit annually an investment report that summarizes recent market conditions and investment strategies employed since the last investment report. The investment report shall set out the current portfolio in terms of maturity, rates of return and other features and summarize all investment transactions that have occurred during the reporting period and compare the investment results with the budgetary expectations. A quarterly review of the portfolio shall be received with the emphasis on performance, stress test, etc. The City Council may approve exceptions to this policy on a short-term basis so long as complete compliance remains the ultimate goal.
SECTION 12 -- INVESTMENT POLICY REVIEW AND AMENDMENT

This Investment Policy shall be reviewed annually or more frequently as appropriate. Notice of amendments to the Investment Policy shall be promptly given to all parties noted in Section 1.

Section 1 - General Policy

It is the expectation and the general understanding of the City Council and the citizens of Indianola that the City conducts its financial affairs in a thoughtful and prudent manner. The following policies provide the framework within which the City conducts its financial affairs. The policies are divided into the following categories: Revenue Policies, Reserves and Contingencies, Operating Expenditure Policies, Capital Improvements Planning, Debt Management, Financial Reporting, and Investment Policies. Most of these policies represent long-standing principles, traditions, and practices which have guided the City in the past and have helped maintain financial stability. There may be times in which the City Council deviates from policy based on sound decisions and public interest. These deviations will be noted in the City Council minutes.

Section 2 - Revenue Policies

The City of Indianola revenue policies are intended to provide guidelines for determining the revenues and revenue sources necessary to provide basic municipal services to the community. It is the City’s goal to create and maintain a diversified, yet stable, revenue system to protect it from possible short-term fluctuations in any of its various revenue sources. An integral factor in the City’s ability to maintain a strong revenue supply is the diversity of its tax base and the health of the area economy. Therefore, the City resolutely encourages economic development through the implementation of financial policies that create a favorable tax climate, while meeting service demands of businesses and residents.

General Revenue Policies

1. A diversified, yet stable, revenue system will be utilized by the City to protect it from possible short-term fluctuations in any of its revenue sources.

2. In situations in which the City has determined that a fee may be a more appropriate method of funding a government program or service than property taxes, the City may explore the possibility of using fees instead of property taxes as the appropriate revenue source to fund the program or service. As much as practical fees should be established at a level that supports the entire cost of providing the program or service.

3. Through community and economic development, a broader tax base will be pursued to increase tax revenue and help reduce annual fluctuation in the property tax rate.

4. Revenue projections should be developed on an annual basis. Existing and potential revenue sources should be reviewed annually.

Property Taxes

1. The City’s total property tax levy rate and tax revenues shall be reviewed annually and evaluated taking into consideration current and forecasted economic conditions, proposed service level changes, State and Federal mandates, changes in the property tax rollback, amendments to the
property tax law, and any other factors that affect the City’s ability to provide basic City services or maintain sufficient cash reserves.

2. Stability and consistency in the property tax levy rate from one year to the next is desired. Adjustments to the levy are appropriate and may be made when tax revenues are projected to fall short. If revenues are expected to exceed the funding for basic services, the city council will review available options, which may include, but are not limited to infrastructure improvements, equipment or economic development projects.

Urban Renewal - Tax Increment Financing Policy

Purpose

The City creates urban renewal districts to:

1. Enhance areas in the city for the purpose of stimulating private investment in commercial, industrial, residential development/redevelopment and investment in public facilities through public action and commitments.

2. Increase commercial, industrial development, residential redevelopment and investment in public facilities in the City which will improve the economic and social environment of the community and sustain a desired balance between the non-residential and residential tax revenues.

3. Provide adequate public infrastructure of sanitary sewer, storm water management, potable water, streets, and pedestrian walkways to ensure the public health, safety and welfare.

4. Provide assistance and economic incentives for commercial, industrial development and residential redevelopment which may not otherwise occur without such assistance and incentives.

Guidelines

The City shall adhere to Chapter 403 of the Code of Iowa, in the creation of urban renewal plans and subsequent implementation of those plans. The powers granted in this chapter constitute the performance of essential public purposes for the State of Iowa and the City of Indianola, Iowa. The powers conferred by this chapter are for public uses and purposes for which public money may be expended and for which the power of eminent domain and police power may be exercised; and that the necessity in the public interest for these provisions is declared as a matter of legislative determination.

The assessed value of property within each urban renewal district, which is subject to a division of revenue from taxation - tax increment financing (TIF), is determined by the Warren County Assessor each year.

The City uses TIF to leverage economic activity, offset taxpayer burden, build public improvements and finance public investment in infrastructure deemed necessary for community growth.
Process

1. The amount of value reservation required for the next fiscal year is due annually by December 1st. And, upon written request from a taxing jurisdiction, meet and confer with that jurisdiction on the intended reservation.

2. Taxable valuation reservation will be based upon the debt and contractual obligations certified with the Warren County Auditor.

3. Prepare and distribute exhibits, including formulas and calculations of TIF dollars.

Restrictions

1. Distribution of Incremental Property Taxes the City of Indianola attempts to release to all taxing jurisdictions any additional valuation in the TIF districts when the funds generated by the valuation exceed the amount needed to retire the annual TIF debt in that district or anticipated for future debt.

2. Sunsets The City establishes sunset dates for all TIF districts as provided in Chapter 403.17(10), Code of Iowa, as follows: in an urban renewal area designated an economic development area in which no part contains slum or blighted conditions, the plan shall be limited to twenty years from the calendar year following the calendar year in which the city first certifies to the county auditor the amount of any loans, advances, indebtedness, or bonds which qualify for payment from the division of revenue provided in the Code of Iowa, Chapter 403.19.

3. Powers of Municipality the City shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of Chapter 403.6 and the additional powers granted in Chapter 403.12 of the Code of Iowa.

4. Fluctuation/Reserves Tax increment reserves will be established to help offset major fluctuations in debt reservation requirements. Funds held in reserves will be specifically identified and held for a future debt or contractual obligation.

Municipal Enterprises

1. User charges and fees should be set at a level related to the cost of providing services. Determination of such costs should include the costs of providing the actual service as well as all other related expenses, such as maintenance and replacement of equipment, personnel costs, and all other operating and administrative costs.

   At least annually or user fees and charges should be reviewed. When necessary, user fees and charges should be re-calculated and revised to reflect the actual cost of activities.

Section 3 - Reserves and Contingencies

The maintenance of adequate cash reserves provides the City with flexibility and security and is an important factor considered by rating agencies and the underwriting community when reviewing City debt issuance. Along with maintaining the City’s credit worthiness, such cash reserves provide the
means to handle economic uncertainties, local disasters and other unanticipated financial hardships, as well as, meeting debt cash flow requirements. In addition to the designations noted below, fund balance levels will be sufficient to meet funding requirements for projects approved in prior years that are carried forward into the new year, debt service reserve requirements, reserves for encumbrances and other reserves or designations required by contractual obligations or generally accepted accounting principles. Deviation from the following general policies by Council may occur based on sound decisions and public interest. When such deviations are made, it shall be specifically noted and included within Council minutes.

**General Policies**

1. General Fund cash reserves (fund balance) should be maintained at a level sufficient to provide funding for general governmental operations. It is the City’s goal to have an unrestricted minimum balance at fiscal year-end of not less than 25% of general fund expenditures. It is also the city’s goal to target this same fund balance level for each sub-fund of the general fund. However, the balances may be higher, if deemed prudent, due to the uncertainty of future revenues or anticipated expenditures.

2. Enterprise Fund unrestricted cash reserves (fund balances) should be maintained at a level sufficient to provide funding to meet 100% of the fiscal year expenditures.

3. Road Use Tax-. It is the City’s goal to have an unrestricted minimum balance at fiscal year-end of not less than 50% of Road Use Tax fund operating expenditures. The balance may be higher, if deemed prudent, due to the anticipated capital expenditures.

4. Storm sewer Utility- It is the City’s goal to have an unrestricted minimum balance at fiscal year-end of not less than 25% of Storm Sewer Utility fund expenditures, or $100,000 whichever is greater. The balance may be higher, if deemed prudent, due to the anticipated capital expenditures.

5. Health Insurance Fund-It is the City’s goal to ensure the upcoming Fiscal Year health insurance fund balance is equal to the preceding two fiscal years’ claims average prorated to 6 months.

6. Cash reserves should not be used to finance routine operating expenses, which exceed budget levels. Routine operating expenses shall be defined as reasonably anticipated reoccurring annual expenditures.

7. Cash reserves may be used to finance capital improvement projects only when cash reserves have been specifically identified in the budget to finance such project, and do not bring the fund balance below the required level.

8. Excess cash reserves may be used to balance revenues and expenditures as long as the minimum cash reserve requirements of this policy are met, provided that said cash reserves may only be used to offset non-reoccurring expenditures.

9. Revenues will equal or exceed expenditures for each budget year unless there are funds available in excess of the cash reserves requirements of this policy.

10. The City’s annual budget is considered balanced if the cash reserve requirements, the working capital requirements and the revenue and expenditure requirements of this policy have been met.
Working Capital

1. The City will maintain sufficient cash reserves in operating funds for working capital so that short term cash flow financing is not required. The cash reserve will be no less than 25% of the next year’s operating budgeted expenditures, the same level as required for the general fund. Operating funds are defined as the general, road use tax, employee benefits and enterprise funds. The cash reserve may be higher than 25% if deemed prudent due to the uncertainty of future revenues or anticipated expenditures.

2. The use of short-term borrowing, such as with tax anticipation notes, in order to meet the preceding working capital requirements should be avoided.

Equipment Replacement Reserve Fund

The City may establish and maintain an equipment replacement reserve fund to provide for the scheduled purchase of vehicles and equipment and will consider annually appropriating funds to it to provide for the timely upgrading and replacement of vehicles and equipment. The amount added to this fund by annual appropriation should be the amount required to maintain the fund at the approved level after credit for the sale of surplus equipment and interest earned by the fund. It is the City’s intent that the reserve fund replaces the City’s need to borrow funds for vehicle and equipment acquisitions. A minimum fund balance of 5% of the current year expenditures will be maintained to ensure proper funding, and to accommodate price volatility.

Capital Project and Vehicle & Equipment Reserve Funds

The Council may designate specific fund balance levels for future development of capital projects that individually do not exceed $500,000 in total project costs and that do not require bond financing. In order to help maintain the fund at approved levels, the Council may annually transfer to the fund any balance from operating funds in excess of the cash reserve requirements within this policy.

GASB 54

GASB 54 establishes the following five fund balance classifications: Non-spendable, Restricted, Committed, Assigned, and Unassigned. Fund Balance classifications assigned, unassigned, and committed are considered “unrestricted” fund balances. The order of spending will be as follows: restricted, committed, assigned and unassigned. Restricted funds shall be spent according to the purpose for which they were received. Unassigned funds shall always be spent after Committed and Assigned funds have been exhausted. The City Administrator and/or the Finance Director are authorized to assign fund balances according to specific factors involved. The City Council will have authority to commit fund balance.

Section 4 – Operating Expenditure Policies

Operating expenditures must meet the City’s requirements to provide services within the framework of available revenues. Fiscal control and long-range financial planning is necessary to guarantee that the City’s current and future finances will remain sound. The following operating expenditure policies guide the evaluation and control of the City’s appropriations and expenditures.
General Policies

1. Expenditure projections will be developed on an annual basis and will be reviewed quarterly. Projections should include estimates of anticipated operating costs for programmed capital improvement projects, and for equipment and capital facilities replacement and maintenance schedules.

2. Current expenditures should be paid, in accordance of Council directives, with current revenues or excess cash reserves.

3. Current expenditures should not be balanced by postponing needed expenditures, accruing future revenues, issuing short term debt, or paying for routine operating costs out of minimum cash reserves.

4. The operating budget should provide for adequate maintenance of fixed assets and equipment and provide for their orderly replacement.

5. The City will encourage the provision of services through the private sector and other public agencies whenever and wherever greater efficiency and effectiveness can be achieved.

6. The City shall consider annually funding request from local service organizations. These funding requests are due, in writing, annually to the council, by December 1, for consideration in upcoming budget. Requests should include amounts requested, as well as planned usage of the funds. These community betterment funds shall only be made with operating funds in excess of cash reserve targets.

7. The City will maintain risk management and safety programs to reduce costs and minimize losses.

Section 5 – Capital Improvements Planning

Policies for the capital improvements program are intended to encourage planning for future growth and infrastructure repair within the framework of the City’s financial policies.

General Policies

1. The City should develop and annually update a five-year capital improvement program (CIP). This program should identify future capital project expenditures made necessary by anticipated changes in population, infrastructure replacement and extension, economic base and/or land use.

2. The operating and maintenance cost of a proposed capital improvement shall be calculated to determine a “true cost” of each improvement and assist in programming of future overall revenue requirements of the City.

3. The capital improvements plan will include the costs, timing and sources of funding and the estimated impact of future revenue requirements for each project. These calculations shall reflect adjustments for inflation.

4. The capital improvements plan should maintain the City’s assets at a level adequate to protect the City’s capital investments, minimize future maintenance and replacement costs, and provide for an adequate level of service.
5. The City’s annual capital improvements budget should be based on the five-year CIP. The budget will include final calculations of revenue sources and related impacts on future availability of revenue for additional projects.

6. The annual expenditures identified in the CIP should be fully funded from financial resources that are anticipated to be current and available.

7. Grants and similar forms of intergovernmental assistance should be used to finance only those projects identified in the CIP or other planning documents as the community needs.

8. A fiscal impact analysis should be performed on all projects for which the City’s financial participation is requested by the private sector. This analysis should identify anticipated direct and indirect public costs and revenues associated with the proposed project.

Section 6 - Debt Management Policies

The issuance of debt is a necessity for the financing of many major capital improvements. Determining the method and timing for financing is subject to numerous considerations. The City’s debt policies are intended to encourage conservative debt management while maintaining the flexibility to use the various financing mechanisms that are available to the City.

The City’s overall tax levy must be reflective of the impact of debt issuance. Alternative revenue sources will be used when practicable to maintain an overall tax rate consistent with the general philosophy of municipal service determined by the City Council.

The cost of financing through the issuance of debt is also affected by the strength of the City’s financial position. Bond ratings and investor’s interest are influenced by the City’s debt management policies, as well as, by the overall financial policies of the City. It is the City’s goal to maintain debt management policies that keep outstanding debt within manageable levels and which maintains the City’s flexibility to issue debt in the case of unusual circumstances of those beyond the City’s control.

General Policies

1. Long-term borrowing shall be limited to capital improvements projects that cannot be financed from current revenues, have estimated life span of greater than the term of borrowing and generally to capital projects with an aggregate project cost of $250,000 or greater. Principal and interest will be scheduled to be within the revenues available for debt service. Long-term debt shall not be used for current operations.

2. Any capital improvement projects or capital equipment financed through bonds should be financed for a period not to exceed the expected useful life of the asset being financed.

3. Total outstanding debt, including overlapping debt, will be considered when planning additional debt issuance.

4. Consideration should be made for the City’s share of utility projects, including the cost of oversizing of water, sewer and storm water mains, -being financed with current utility funds and other revenues when funds are appropriate and available.

5. The use of general obligation bonds for projects does not dismiss the potential of pro rata payment for debt service by specifically benefited funds such as water, sewer, storm water, or road use tax.
6. The City will consider refunding outstanding debt in order to achieve interest cost savings, restructure principal and/or eliminate burdensome covenants with bondholders. Refunding’s undertaken to achieve interest cost savings in advance of their call date should strive to achieve a new present value savings benefit equal to a minimum of 3% of the present value of the refunded par-amount.

7. Financing requirements will be reviewed annually. The timing for financing will be based upon the City’s need for funds, market conditions and debt management policies.

8. The City will follow a policy of full disclosure on every financial report and bond prospectus with bond rating agencies about its financial condition.

9. The City will follow applicable laws, regulations and bond covenants relative to arbitrage and rebate compliance requirements.

Debt Limitations

1. The average maturity of general obligation debt should not exceed the useful life of the asset being finances and/or state law limitations.

2. Bond issues should be structured so that the debt service schedule is within the revenues available for debt service.

3. Total general obligation indebtedness should not exceed 80% of the City’s statutory debt limit.

4. Self-imposed debt limitations may not take into account debt issued as a consequence of voter approved bond referendums.

Section 7 - Financial Reporting and Accounting

General Policies

1. The City will maintain a high standard of accounting practices. To that end, the City will continue to use the latest edition of Governmental Accounting, Auditing, and Financial Reporting (GAAFR) as its source of generally accepted accounting principles (GAAP).

2. The City’s relationship with its independent public accounting firm will be reviewed at a minimum every five year.

3. The City will maintain its budget and accounting system on a cash basis which will be the basis for all interim, internal, and state reporting.

4. The City will adhere to a policy of full and open public disclosure of all financial activity and information.

Reports

1. The City will maintain a budgetary control system and will produce interim financial reports that measure actual revenues and expenditures compared to budgeted revenues and expenditures.
(a) Monthly and annual reports should present a summary of financial information by major fund and activity type.

(b) Monthly reports should be provided presenting actual cash position and investment performance.

(c) Each year, the City shall retain either an independent public accounting firm or the State Auditor to perform the annual audit and will make the audit available to all interested parties.

(d) The City will comply with all federal and state audit and review regulations, including OMB A-133 single audit and Single Point of Contact (SPOC) review requirements.

Section 8 – Investment Policies

Scope of Investment Policy

The Investment Policy of the City of Indianola shall be governed by Iowa Code Chapters 12B and 12C and shall apply to all operating funds, bond proceeds and other funds and all investment transactions involving operating funds, bond proceeds and other funds accounted for in the financial statements of the City of Indianola.

The investment of bond funds or sinking funds shall also comply with the provisions of any bond resolutions.

This written investment policy, required by Iowa Code Section 12B.10B, shall be delivered to all the following:

1. The governing body or officer of the public entity to which this policy applies.
2. All depository institutions or fiduciaries for public funds of the public entity.
3. The auditor of the public entity.
4. Every fiduciary or third party assisting with or facilitating investments for the public entity.

Delegation of Authority

In accordance with Section 12B.10, the responsibility for conducting investment transactions resides with the Treasurer of the City of Indianola. For purposes of this Investment Policy the Finance Director is designated the Treasurer. Only the Treasurer and those authorized by resolution may invest public funds. A copy of any empowering resolution shall be attached to this Investment Policy.

All contracts or agreements with outside persons investing public funds, advising on the investment of public funds, directing the deposit or investment of public funds or acting in a fiduciary capacity for the City of Indianola shall require the outside person to notify in writing the Treasurer of the City of Indianola within thirty days of receipt of all communication from the Auditor of the outside person or any regulatory authority of the existence of a material weakness in the internal control structure of the outside person or regulatory orders or sanctions regarding the type of services being provided to the City of Indianola by the outside person.

The records of investment transactions made by or on behalf of the City of Indianola are public records and are the property of the City of Indianola whether in the custody of the City of Indianola or in the custody of a fiduciary or other third party.
The Treasurer shall establish a written system of internal controls and investment practices. The controls shall be designed to prevent the loss of public funds, to document those officers and employees of the City of Indianola responsible for elements of the investment process and to address the capability of investment management. The controls shall provide for receipt and review of the audited financial statement and related report on internal control structure of all outside persons performing any of the following for this public body.

1. Investment of public funds.
2. Advising on the investment of public funds.
3. Directing the deposit or investment of public funds.
4. Acting in a fiduciary capacity for this public body.

The Treasurer of the City of Indianola shall be bonded in the amount of $300,000. The amount of this bond shall be reviewed annually to determine its appropriateness and will be amended by the City Council if deemed necessary.

**Objectives of Investment Policy**

The primary objectives, in order of priority, of all investment activities involving the financial assets of the City of Indianola shall be the following:

1. **Safety**: Safety and preservation of principal in the overall portfolio.
2. **Liquidity**: Maintaining the necessary liquidity to match expected liabilities.

**Prudence**

The Treasurer of the City of Indianola, when investing or depositing public funds, shall exercise the care, skill, prudence and diligence under the circumstances then prevailing that a person acting in a like capacity and familiar with such matters would use to attain the Section 8 investment objectives. This standard requires that when making investment decisions, the Treasurer shall consider the role that the investment or deposit plays within the portfolio of the assets of the City of Indianola and the investment objectives stated in Section 8.

When investing assets of the City of Indianola for a period longer than six months or in an amount greater than $300,000 per investment, the Treasurer shall request competitive investment proposals for comparable credit and terms investment from a minimum of three investment providers.

**Instruments Eligible for Investment**

Assets of the City of Indianola shall be invested in financial institutions properly declared by Resolution of the City Council of the City of Indianola. Deposits in any financial institution shall not exceed the amount stated in the Resolution. Assets of the City of Indianola may be invested in the following:

1. Demand Deposit Accounts (DDA)
2. Negotiable Orders of Withdrawal (NOW) Accounts
3. Certificates of Deposit.
Prohibited Investments and Investment Practices

Assets of the City of Indianola shall not be invested in the following:

1. Reverse repurchase agreements.
2. Futures and options contracts.

Assets of the City of Indianola shall not be invested pursuant to the following investment practices:

1. Trading of securities for speculation or the realization of short-term trading gains.
2. Pursuant to a contract providing for the compensation of an agent or fiduciary based upon the performance of the invested assets.
3. If a fiduciary or other third party with custody of public investment transaction records of the City of Indianola fails to produce requested records when requested by this public body within a reasonable time, the City of Indianola shall make no new investment with or through the fiduciary or third party and shall not renew maturing investments with or through the fiduciary or third party.

Investment Limitations

Operating Funds: Operating funds means those funds which are reasonably expected to be expended during a current budget year or within fifteen months of receipt. Operating funds must be identified and distinguished from all other funds available for investment. Operating funds may only be invested in investments which mature within three hundred ninety-seven (397) days or less.

Other than Operating Funds: The Treasurer may invest funds of the City of Indianola that are not identified as Operating Funds in investments with a maturity longer than three hundred ninety-seven (397) days. However, all investments of Project Funds and other non-operating funds shall have a maturity that is consistent with the needs and use as specified for these funds, and no maturity shall be longer than three (3) years for any funds unless specifically authorized by the City Council.

Safekeeping and Custody

All invested assets of the City of Indianola involving the use of a public funds’ custodial agreement, as defined in Iowa Code Section 12B.10C, shall comply with all rules adopted and in accordance with the laws of the State of Iowa.

Ethics and Conflict of Interest

The Treasurer and all officers, employees and committees of the City of Indianola involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program or which could impair their ability to make impartial investment decisions.

Reporting

The Treasurer shall submit monthly with the Bank Reconciliation a list of investments making up the current investment portfolio.

Adopted by City Council on July 5, 2016, amended by City Council on September 18, 2017, amended by City Council on August 20, 2018
Local Purchase Policy

Pursuant to Iowa Code Section 23A.3 the Indianola City Council adopts the following policy:

Whenever any department of the City of Indianola purchases good or services from private enterprise, consideration shall be given to purchasing these goods or services from a locally owned business located within the City of Indianola which offers these goods or services if the cost and other considerations are relatively equal.

ADMINISTRATIVE POLICY AND PROCEDURES
FINANCIAL POLICY—PURCHASING

Part I: General Policy

- The City’s purchasing system is decentralized with certain exceptions at the discretion of the City Manager.
- No purchase made by an employee shall bind the City to receive and/or pay for the goods or services procured unless authorized by the methods described herein.
- Purchases made without following the City’s policies and procedures may result in the return of documents, nonpayment of vendor invoices, cancellation of purchase orders or purchasing privileges, or other sanctions as determined necessary after consultation with the department head or City Manager.
- Transactions should not be split into smaller parts to circumvent the dollar limitations and requirements of this policy.

Part II: Purchasing Limitations; Bidding

• Informal Quotations
  - The purchaser may seek up to three quotations, but is not required, of any goods (materials, merchandise, supplies, etc.) or services (activities provided by other people) with a total value between $1,000 and $4,999. If quotations are received, they do not need to be in writing but should be documented for reference.
  - The purchase of any goods or services with a total value between $5,000 and $39,999 shall require written quotations from at least three suppliers.
  - Purchases for public improvements (infrastructure projects, construction of street, sidewalk, curb, traffic control, sewer projects, etc.) qualifying under Iowa Code Chapter 26 that are less than $47,000 for highway, bridge, or culvert work, less than $55,000 for buildings, utilities, sidewalks, trails, etc., or that have been declared “emergency repair work” qualify for informal quotations under this subsection.
    ▪ The contractor must provide a performance and payment bond for a public improvement project of more than $25,000 in accordance with Iowa Code Chapter 573
    ▪ Council approval is required for any contracts over $25,000

• Semi-formal Competitive Quotations
  - The purchase of any goods (materials, merchandise, supplies, etc.) or services (activities provided by other people) with an estimated value of $40,000 or more shall require competitive quotes based on written specifications with the cooperation of the Finance Director.
  - Council approval is required for all semi-formal bids, contracts, and purchases.
  - State law requires that purchases for public improvements qualifying under Chapter 26 of the Iowa Code that are $47,000 for horizontal infrastructure (roads, highways, bridges, culverts, trails, etc.) and between $55,000 and $135,000 for vertical infrastructure

1 See Appendix A for a reference matrix of Bidding Requirements
buildings), and are not within one of the specified exceptions provided in Iowa Code section 26.1 qualify for semi-formal competitive quotations. The contractor must provide a performance and payment bond.

• **Formal Competitive Bidding**
  o Purchases for public improvements (infrastructure projects, construction of street, sidewalk, curb, traffic control, sewer projects, etc.) qualifying under Iowa Code Chapter 26.3 in excess of $135,000 or are for highway, bridge, or culvert work in excess of $47,000 must use formal bidding as defined by Iowa Code Chapter 26 unless the improvements are “emergency repair work.”
  o Formal bids are taken in the following manner:
    ▪ Detailed written plans and specifications along with a detailed cost estimate are prepared for the project and placed on file with the City Clerk
    ▪ Notice to bidders must be posted by the City Clerk in a relevant contractor plan room with statewide circulation and a relevant construction lead generating service with statewide circulation and on the internet, site sponsored by either the City of Indianola or a statewide association that represents the City of Indianola. Posting shall not be less than not less than thirteen days and not more than forty-five days before the date for filing bids. Notices must include:
      • Time and place for filing sealed proposals
      • Time and place sealed proposals will be opened and considered on behalf of the governing body
      • The general nature of the public improvements on which bids are being requested
      • In general terms, when the work must be commenced and when it must be completed
      • Bid security and bid bond requirements
    ▪ Notice of public hearing on plans, specifications, form of contract, and cost estimate must be published by the City Clerk not less than four days and not more than twenty days before the public hearing.
    ▪ A formal opening and announcement of sealed bids on published date by City Clerk; review, consideration, and recommendation of bid award by staff for Council review
    ▪ A public hearing on plans, specifications, form of contract and cost estimate before Council on the published date
    ▪ Council passes or rejects resolutions to adopt plans, specifications, form of contract, and estimate of cost, to award construction contract, and to approve construction contract and bond with the lowest responsive, responsible bidder who has met all bid security and bid bond requirements following the public hearing

---

2 January 1, 2018 figures are $47,000 for horizontal competitive quote thresholds and $55,000 to $135,000 for vertical competitive bid thresholds.
Exceptions to Competitive Bidding

- **Professional services**: Contracting for professional services or ongoing technical services may be done on a negotiated basis. Architectural, landscape architectural, or engineering design services procured for a public improvement are also excluded.

- **Other governmental agency bidding**: Bids solicited by the United States of America or any agency thereof, the State of Iowa, Warren County, or another governmental unit may be used as a replacement to the bidding requirements unless bidding is required by the Code of Iowa, City Council, or City Manager. The availability of a bid from another government agency does not preclude the City from seeking and obtaining bids in a manner provided through this policy.

- **Grants**: All purchases funded through a State or Federal grant must follow all additional procedures required by the grantor. Contractor bids must be evaluated on the ability to meet the State or Federal requirements.

- **Conflicts of interest**: Purchase transactions for goods and services with a City employee, employee’s spouse, or employee’s business are limited to $1,500 per fiscal year per employee in total, per state law. Any transactions with an employee that will exceed this limit are required to go through formal bidding procedures. Any project that is formally bid is also an exception to a conflict of interest with that employee or officer of the City.

- **“Emergency Repair Work”**: is declared by resolution of the City Council and a certificate from an external, registered, professional engineer verifying that the emergency repairs are necessary.

- **Urban renewal demolition or low-rent housing projects**

- **Repair or maintenance work performed by city employees**

- **Annual contracts with multiple contractors for structure demolition projects for projects each having an estimated cost of $100,000 or less**

**Contract Administration**

- **Oversight of bidding**: The City Clerk or her designee will advertise, bid, and oversee the receipt, opening and announcing of all formal bids.

- **Execution of Contracts**: Formal bid contracts shall be executed by the Mayor and attested to by the City Clerk. All other contracts may be executed by the City Manager as permitted by state law.

- **Change Orders**: The City Manager will administer all contracts on the authority of the City Council and will approve all change orders for contracts. Change orders on contracts that were bid using formal bidding procedures must have Council Approval.

- **Contract Payments**: Contractual payments on formally bid contracts must be approved, individually, by City Council action. Other contractual payments must be approved by the City Manager and listed on the formal claims list presented to Council.

- **Retainage**: Retainage shall be withheld on contracts for public improvements as provided for by State law or on other contracts as deemed appropriate or necessary. Retainage on a contract may not exceed 5% of the cost of the public improvement. An
application by a contractor for early release of a retainage requires City Council consideration and approval.

- **Completion of Contract:** The following items need to have Council approval: (1) final acceptance of project; (2) final contractor payment; and (3) release of retainage authorization (unless application was previously made for early release of retainage).

**Part III: Purchasing Methods**

1. **Petty Cash:** petty cash may be used to make purchases under $100. A receipt is required for all petty cash purchases.

2. **Exceptions:** exceptions to the above purchasing method policies, including the necessity for a purchase order for all purchases over $500, are as follows:
   a. Annual dues renewals
   b. Subscription renewals
   c. Recording fees
   d. Budgeted rents and leases
   e. Maintenance agreement and service contract renewals
   f. Travel and training
   g. Contracts and purchases approved by the City Council

**Mileage Rate Reimbursement**

Under current law, the City of Indianola may reimburse city officials and employees using their own vehicles up to the amount allowable under Internal Revenue Services (IRS) rules. Effective January 1, 2002, the City of Indianola shall match the IRS allowable mileage rate.

*Adopted by City Council on December 17, 2001.*
Payment of Services by Credit Card Policy

The City of Indianola recognizes that accepting credit card payments for citizen services can enhance customer service. The addition of credit card payment as an option allows the City to receive payments online, thereby providing citizens with the ability to pay for services at hours most convenient to them. The City also recognizes that the aggregate credit card fees for providing this service can be a substantial amount.

To maximize the customer service objective while maintaining affordable fees, the Council hereby establishes a policy whereas the City of Indianola shall accept credit card payments for residential utility services and programs/services offered by the Parks and Recreation Department. Nothing in this policy shall limit credit card payment of non-utility services by commercial or industrial customers when use of this payment option becomes available.

Adopted by City Council on October 7, 2002.
Amended by City Council on June 20, 2016- to add programs/services offered by the Parks and Recreation Department.

Refunds of Payments Made by A Credit Card

In certain situation, it may be more efficient and in order to offer a higher level of customer service to refunds certain fees that were paid by credit card back to the customers’ credit card account. Deposits held for building reservations or activities as well as fees for programs or reservations that are cancelled due to situations such as low attendance, weather cancellations or schedule conflicts can be refunded back to an individual customer’s credit card account without City Council approval. The amounts that can be refunded without City Council’s approval shall not be more than the original fees or deposits paid for the services. Any refunds over $200 will need Department Head approval and the maximum amount that can be refunded without City Council approval is $600.

Adopted by City Council on June 20, 2016
Wells Fargo Purchase Card Procedures

It is the intent of the purchasing card program to provide employees with an effective and efficient method of purchasing and paying for specific services and/or purchases. The use of purchasing cards shall be in compliance with other city policies and procedures. It is the responsibility of each cardholder to comply with these policies.

Cardholder responsibilities shall include:

1. Knowing and complying with the purchasing card policies and procedures, and ensuring purchases are made in accordance with the City’s purchasing policy, including bidding requirements.
2. Ensuring that funds have been properly budgeted and are available to pay for the items and/or services being purchased.
3. Notifying the vendor, when applicable, that the purchase is tax exempt and ensuring that such taxes are not added to the prices of items and/or services purchased.

- Purchasing cards are the property of the City of Indianola.
- It is the responsibility of the cardholder to keep the card in a safe location.
- Lost or stolen cards shall be immediately reported to the Program Administrator.
- Cardholders shall return cards to the Program Administrator when employment with the City of Indianola is terminated.

The purchase card is intended to take place of the US Bank credit cards as well as “house” charge accounts. You may use the card for other invoices and purchases as long as it does not cost extra money to do so. In the event that a company will charge you to use the credit card, continue with the normal invoicing process with that business.

Excluded Items – the purchasing cards shall not be used for the following types of transactions:

1. Cash advance.
2. Purchase of alcoholic beverages.
3. Travel-related expenses related to spouses or other non-covered employees.
4. Items for personal use that would not be reimbursable by the City.

The City purchasing card also shall not be used for personal identification or as a personal credit reference.

Program Violations are listed below:

1. **Unallowable purchases**: The cardholder will provide a written statement of explanation if an unallowable purchase appears on his or her statement or transaction log.
2. **Unacceptable Documentation**: The cardholder will provide required documentation upon notification to do so by the Program Administrator.
3. **Late Submission of Purchasing Card Reconciliation Documents and/or Failure to Resolve Disputes**: Late submission and/or failure to resolve disputes may result in de-activation of the card.
4. **Standards of Conduct Violations**: Conduct not complying with City standards will be reported to the Program Administrator. In addition to card revocation, violations may result in disciplinary action up to, and including, termination.

Repeated program violations will be reported to the Program Administrator. In addition to temporary de-activation of the card, consequences of violations may include card revocation, payroll deduction for unallowable purchases and expenses that were not reconciled, and/or disciplinary action up to, and including termination.

*You may view the full Purchasing Card Policy at the City Clerk’s Office*

**Quick References Regarding Purchases and Reconciliation of Purchase Cards**

- Only use the card if there is not an extra charge to do so (If there is a cost to use the credit card, continue to use the invoice system like before).

- Upload your receipt as soon as possible after purchase by uploading a picture through the mobile app, faxing the receipt with the cover sheet or emailing it with the cover sheet.

- Once you have uploaded your receipt, turn it in to whoever is storing the copies of the receipts. Make sure they know the receipt is for a Wells Fargo purchase.

- If using the mobile app to upload receipts, pay close attention to the “statement date” You will want to use “Open Statements” when uploading receipts for the previous month. You will want to use “Cycle to Date” when uploading receipts for the current month.

- You may reconcile your statement as purchases become available online or you may wait until the first business day of the next month. Cardholders have from the 1st of the month through the 6th of the month to reconcile their statements.

*Adopted by City Council November 16, 2015*

Section 1.01 Purpose. This Continuing Disclosure Policy (“Policy”) of the City of Indianola, Iowa, (“Issuer”) is intended to ensure that the Issuer efficiently carries out its continuing disclosure obligations with respect to securities it issues or guarantees pursuant to Rule 15c2-12, as amended (the “Rule”), promulgated under the Securities Exchange Act of 1934, as amended.

Section 1.02 Background. The Rule prohibits underwriters from offering bonds to the public unless the issuer provides an official statement and contractually promises to provide specified disclosures as required in the Rule. To facilitate compliance with the Rule, each issuer must enter into a continuing disclosure agreement with the purchaser or underwriter in connection with each new issuance of obligations which fall within the Rule, thereby creating a contractual promise on behalf of the issuer to provide the market with these disclosures. The Issuer is responsible for ensuring that all disclosure documents contain accurate information. The SEC has asserted that, under Rule 10b-5, “disclosure documents used by municipal issuers, such as official statements, are subject to the prohibition against false or misleading statements of material facts, including the omission of material facts necessary to make the statements made, in light of the circumstances in which they were made, not misleading.”

Section 1.03 Obligations Subject to the Rule. Various offerings are fully or partially exempt from the continuing disclosure provisions under the Rule. Offerings with an aggregate original principal amount of less than $1 million (“Small Offerings”), offerings sold prior to July 3, 1995 (“Old Offerings”) and offerings sold by an issuer directly to investors without using a broker, dealer, or municipal securities dealer as an underwriter or placement agent (“Direct Offerings”) are fully exempt from all continuing disclosure provisions under the Rule, unless the Issuer voluntarily agrees to provide continuing disclosures for an otherwise exempt Obligation.

Section 1.04 Definitions. In addition to the terms defined above, the following capitalized terms shall have the following meanings:

(A) "CAFR" means the Comprehensive Annual Financial Report of the Issuer.

(B) “Disclosure Counsel” means legal counsel (which may be bond counsel under separate engagement for a series of Obligations) engaged for the purpose of assisting the Issuer in meeting its primary and secondary market disclosure obligations.

(C) “EMMA” means the Electronic Municipal Market Access system of the MSRB. Information regarding submissions to EMMA is available at http://emma.msrb.org/.

(D) "Employee" means any person who, as part of his or her employment with the Issuer, has regular responsibility for the administration of matters related to Obligations.
(E) "Financial Advisor" means a municipal advisor engaged for the purpose of assisting with the Issuer's structuring and sale of Obligations.

(F) "Fiscal Year" means the fiscal year of the Issuer, beginning on July 1 of each year and ending on the last day of June of the following year, or any other consecutive twelve-month period adopted by the Governing Body or by law as the official accounting period of the Issuer.

(G) “Governing Body” means the City Council (the “Council”) of the Issuer.

(H) “Issuer” means the City of Indianola, Iowa.

(I) “Listed Event” means any of the events listed in Exhibit A of this Policy.

(J) "MSRB" means the Municipal Securities Rulemaking Council or any other Council or entity which succeeds to the functions currently delegated to the Municipal Securities Rulemaking Council by the Rule.

(K) "Obligations" means any securities issued by, or whose payment is guaranteed by the Issuer.

(L) "SEC" means the United States Securities and Exchange Commission.

Article II
Key Participants and Responsibilities

Section 2.01. Disclosure Coordinator. By adoption of this Policy, the Finance Director is hereby appointed to act as the disclosure coordinator (“Disclosure Coordinator”) of the Issuer.

Section 2.02 Responsibilities. The Disclosure Coordinator is responsible for the following tasks:

(A) reviewing and approving all preliminary and final official statements relating to the Issuer’s securities, together with any supplements, for which a continuing disclosure undertaking is required (each, an “Official Statement”), before such documents are released, in accordance with Article III below;

(B) reviewing annually the Issuer’s status and compliance with its continuing disclosure undertakings, including filings of disclosure documents and compliance with this Policy, in accordance with Articles IV (Annual Report Filings) and V (Listed Event Filings) below;

(C) serving as a “point person” for personnel to communicate issues or information that should be or may need to be included in any disclosure document;

(D) recommending changes to this Policy to the Governing Body as necessary or appropriate;

(E) communicating with third parties, including coordination with outside consultants assisting the Issuer, in the preparation and dissemination of disclosure documents to make sure that assigned tasks have been completed on a timely basis and making sure that the filings are made on a timely basis and are accurate;

(F) in anticipation of preparing disclosure documents, soliciting “material” information (as defined for purposes of federal securities law) from identified Employees;
(G) maintaining records documenting the Issuer’s compliance with this Policy; and

(H) ensuring compliance with training procedures as described below.

The responsibilities of the Disclosure Coordinator to make certain filings with the MSRB under Articles IV (Annual Report Filings) and V (Listed Event Filings) may be delegated by contract to a dissemination agent, under terms approved by the Governing Body.

Article III

Official Statements

3.01. Review and Approval of Official Statements. Whenever the Issuer Issues Obligations, a preliminary official statement and a final official statement may be prepared (“Official Statements”). Each of these Official Statements contains financial and other information relating to the Issuer. The Disclosure Coordinator, with assistance from any retained Disclosure Counsel and/or Financial Advisor, shall have primary responsibility for ensuring that all such information is accurate and not misleading in any material aspect. The Official Statement shall also include a certification that the information contained in the Official Statement regarding the Issuer, as of the date of each official statement, does not contain any untrue statement of material fact or omit to state any material fact necessary to make the information contained in the Official Statement, in light of the circumstances under which it was provided, not misleading. When undertaking review of a final or preliminary Official Statement, the Disclosure Coordinator shall:

(A) review the Official Statement and confirm that there are no misstatements or omissions of material information in any sections and that the Official Statement accurately states all material information relating to the Issuer and that all information relating to the Issuer has been critically reviewed by the appropriate person(s) for a given department responsible for the information referenced therein;

(B) draft, or cause to be drafted, for the Official Statement descriptions of (i) any material current, pending or threatened litigation, (ii) any material settlements or court orders and (iii) any other legal issues that are material information for purposes of the Official Statement; and

(C) report any significant disclosure issues and concerns to Disclosure Counsel and/or Financial Advisor.

Section 3.02. Submission of Official Statements to the Governing Body for Approval. The Disclosure Coordinator shall submit all Official Statements to the Governing Body for review and approval. The approval of an Official Statement by the Governing Body shall be docketed as a new business matter and shall not be approved as a consent item. The Governing Body shall undertake such review as deemed necessary by the Governing Body, following consultation with the Disclosure Coordinator, to fulfill the Issuer’s responsibilities under applicable federal and state securities laws.

Article IV

Annual Report Filings

Section 4.01. Overview. Under the continuing disclosure undertakings, the Issuer has entered into in connection with its debt offerings, the Issuer is required each year to file annual reports with the MSRB’s EMMA system in accordance with such undertakings. Such annual reports are generally
required to include: (1) certain updated financial and operating information, and (2) the Issuer’s audited financial statements. The documents, reports and notices required to be submitted to the MSRB pursuant to this Policy shall be submitted through EMMA in an electronic format, and shall be accompanied by identifying information, in the manner prescribed by the MSRB, or in such other manner as is consistent with the Rule. A description of the format and information presently prescribed to be filed with EMMA is included in Exhibits A - C. To facilitate the Issuer’s continuing disclosure undertakings the Disclosure Coordinator shall:

(A) maintain a record of all continuing disclosure obligations of the Issuer using a chart substantially in the form attached as Exhibit C, which shall identify and docket all continuing disclosure deadlines;

(B) schedule email reminders on the EMMA website for each Obligation to help ensure timely filing of financial disclosures;

(C) ensure that preparation of the Issuer’s annual reports commence as required under each specific continuing disclosure undertaking;

(D) comply with the Issuer’s obligation to file annual reports by submitting or causing the required (i) annual financial information and operating data and (ii) audited financial statements (all of which may be included in the Issuer’s CAFR) to be submitted to the MSRB through EMMA. If within a continuing disclosure agreement, the Issuer has agreed to furnish information that is outside the scope of the CAFR, the Issuer shall file a supplement to the CAFR when filing with the MSRB through EMMA;

   a. If the event the Issuer does not have audited financial statements available by the filing deadline imposed by the continuing disclosure agreement, the Disclosure Coordinator shall instead submit the Issuer’s unaudited financial statements and follow the requirements of the continuing disclosure agreement with respect thereto. Audited financial statements shall be filed as soon as available.

   b. All documents submitted to the MSRB through EMMA that are identified by specific reference to documents already available to the public on the MSRB’s Internet website or filed with the SEC shall be clearly identified by cross reference;

   c. Not more than five (5) days after the submission deadline, the Disclosure Coordinator shall confirm and document in accordance with Section 6.01 hereof that Annual Reports have been submitted and filed properly with the MSRB through EMMA; and

(E) File a “failure to file notice” as needed in accordance with the Rule. The failure to file notice shall include information describing the nature and/or cause of the failure to meet the contractual deadline and, if available, an approximate timeframe for when the complete information is expected to be submitted.

Article V

Listed Event Filings

Section 5.01. Disclosure of Listed Events. Pursuant to Rule 15c2-12(b)(5)(i)(C), the Issuer is obligated to disclose to the MSRB notice of certain specified events with respect to the Issuer’s
Obligations (a “Listed Event”). All Employees shall be instructed to notify the Disclosure Coordinator if he or she becomes aware of any of the Listed Events listed in the Issuer’s continuing disclosure undertakings. The Disclosure Coordinator may consult with Disclosure Counsel, or the Financial Advisor, to discuss the event and to determine whether a filing is required or is otherwise desirable. If such a filing is deemed necessary, the Disclosure Coordinator shall cause a notice of the Listed Event (a “Listed Event Notice”) that complies with Rule 15c2-12 to be prepared, and the Disclosure Coordinator shall file, or cause to be filed, the Listed Event Notice as required by Rule 15c2-12 as follows:

(A) The Disclosure Coordinator shall monitor and periodically review the Listed Events identified on Exhibit A, in connection with the Obligations identified on the Chart in Exhibit C to determine whether any event has occurred that may require a filing with EMMA.

(B) The Disclosure Coordinator shall file, in a timely manner, a notice of the occurrence of any Listed Event or Events with the MSRB via EMMA with respect to any Obligations to which the Listed Event or Events are applicable, in a timely manner not in excess of ten (10) business days after the occurrence of the Listed Event.

(C) The Disclosure Coordinator shall subscribe to any available ratings agency alert service regarding the ratings of any Obligations.

Article VI
Miscellaneous

Section 6.01. Documents to be Retained. The Disclosure Coordinator shall be responsible for retaining records demonstrating compliance with this Policy. The Disclosure Coordinator shall retain an electronic or paper file (“Transcript”) for each continuing disclosure Annual Report Filing that the Issuer completes, and for each Listed Event Filing that the Issuer completes. Each Transcript shall include final versions of documents submitted to the MSRB through EMMA. The Transcript shall be maintained for a period of eleven (11) years from the final retirement of the Obligations.

Section 6.02. Education and Training. The Issuer shall conduct periodic training to assist the Disclosure Coordinator, all Employees and the Governing Body in understanding and performing their responsibilities under this Policy. Such training sessions shall include a review of this Policy, the Issuer’s disclosure obligations under applicable federal and state securities laws, including the Listed Events in Exhibit A, and the disclosure responsibilities and potential liabilities of members of Issuer staff and members of the Governing Body. Such training sessions may include meetings with Disclosure Counsel, teleconferences, attendance at seminars or conferences where disclosure responsibilities are discussed, and/or recorded presentations.

Section 6.03. Public Statements Regarding Financial Information. Whenever the Issuer makes statements or releases information relating to its finances to the public that is reasonably expected to reach investors and the trading markets (including, without limitation, all Listed Event notices, statements in the CAFR, and other financial reports and statements of the Issuer), the Issuer is obligated to ensure that such statements and information are complete, true, and accurate in all material aspects. The Disclosure Coordinator shall assist the Governing Body in ensuring that such statements and information are accurate and not misleading in any material aspect. Investment information published on the Issuer’s website may include a cautionary statement at the request of the Disclosure Coordinator, substantially as follows:
“The only information on this website that is posted with the intention of reaching the investing public, including bondholders, rating analysts, investment advisors, or any other members of the investment community, is located on the "investor information" web pages. Other than the specific information presented in the investor information web pages, no other information on the Issuer’s website is intended to be the basis of or should be relied upon in making an investment decision. Because each security issued by the Issuer or its related entities may involve different sources of payment and security, you should refer for additional information to the official statement and continuing disclosure filings for the particular security. The information posted in the investor information web pages speaks only as of its date.”
EXHIBIT A

LISTED EVENTS

The Disclosure Coordinator should periodically review this list to determine whether any event has occurred that may require a filing with EMMA.

For securities (subject to Rule 15c2-12) issued on or after December 1, 2010, or for variable rate demand bonds that are converted from a mode currently exempted from rule 15c2-12 to a mode not so exempted on or after December 1, 2010, the following events automatically trigger a requirement to file on EMMA within ten (10) business days of their occurrence, without regards to the materiality of the event:

1. principal and interest payment delinquencies
2. unscheduled draws on debt service reserves reflecting financial difficulty
3. unscheduled draws on credit enhancements reflecting financial difficulty
4. substitution of credit or liquidity providers, or their failure to perform
5. adverse tax opinions or events affecting the tax-exempt status of the security
6. tender offers
7. defeasances
8. rating changes
9. bankruptcy, insolvency, receivership or similar event of the obligated person
10. failure to provide in a timely manner notice of failure to provide required annual financial information by the date specified in any continuing disclosure undertaking

The following events trigger a requirement to file notice of their occurrence on EMMA within ten (10) business days after their occurrence, once they are determined to be material by the Disclosure Coordinator:

1. non-payment related defaults
2. modifications to the rights of security holders
3. bond calls
4. release, substitution or sale of property securing repayments of the securities
5. the consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms
6. appointment of a successor or additional trustee or the change of name of a trustee
EXHIBIT B

Suggested Practices in Submitting Annual Financial Information to EMMA*

**Annual Financial Information is to be submitted to EMMA as follows:**

- through the EMMA Dataport;
- in one or more electronic word-searchable portable document format files configured to permit documents to be saved, viewed, printed and retransmitted by electronic means (“properly formatted pdf file”); and
- indexed by the submitter as “Annual Financial Information and Operating Data” – this EMMA indexing category should be used for all submissions consisting of one or both parts of an annual financial information submission. A submission should be indexed in EMMA by the submitter as “Annual Financial Information and Operating Data” if it consists of complete annual financial information (including audited financial statements and/or the CAFR).

**If the audited financial statements have not been prepared in time to meet the deadline:**

- file unaudited financial statements with a notice to the effect that the unaudited financial statements are being provided pending completion of audited financial statements and that the audited financial statements will be submitted to EMMA when they have been prepared.

**If annual financial information is provided by reference to other submitted documents file:**

- a notice that includes specific reference to a document available on the EMMA website or the SEC (such as, but not limited to, an official statement), to the extent that such document in fact includes the information required to be include in the annual financial information; and
- the submitter should confirm that such document in fact is available from the EMMA website or the SEC and should include in such notice (A) a textual description of the document that includes the required information, with sufficient detail for a reasonable person to determine the precise document being referenced, and (B) an active hyperlink to the pdf file of such document as then posted on the EMMA website or to the SEC’s EDGAR system; further, if such document includes audited financial statements, the submitter should also index such submission as “Audited Financial Statements or CAFR” in addition to (but not instead of) “Annual Financial Information and Operating Data” unless the submitter submits such audited financial statements separately to EMMA.

**Failure to file notices are to be submitted to EMMA as follows:**

- through the EMMA Dataport;
- as an electronic word-searchable and properly formatted pdf file; and
- indexed by the submitter as “Failure to Provide Annual Financial Information.”

* Procedures subject to change.

Government Access Channel Policy

Policy

The government access channel shall be used by the city to promote the availability of government information to the citizens of Indianola. Government information shall include city, county and school and shall be only administrative in nature such as agendas, schedules, public safety and promotional information for government sponsored programs. Non-administrative information such as social and sporting events may not be placed on the government access channel. However, dates, times and locations of such events may be broadcast.

In addition, information relating to political, commercial, religious or any other non-government nature shall not be permitted. However, information such as election dates, times and locations may be broadcast.

Equipment Location

The equipment will be housed in the old data processing room located in the south council chambers which provides space as well as convenience to the council chambers.

Administrator

The Information Technician Manager is recommended as the person responsible for overseeing the day-to-day operations of the channel. Duties include scheduling, data entry, and working with personnel, either existing or new part-time, to enter information into the system. The City Manager will be ultimately responsible for the overall operation of the system.

Schedule

The channel will be live/tape broadcast.

Board/Commission Use

Should a board/commission wish to live broadcast their meetings, it will have to be done in the council chambers.

**Infiltration and Inflow Policy**

Pursuant to Chapter 97.01, no person shall discharge or cause to be discharged any storm water, surface water, groundwater, roof run-off, sub-surface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any sanitary sewer. Inflow and Infiltration (I&I) is the invasion of storm water into the sanitary sewer system from broken, cracked or misaligned mains, leaking manholes or manholes that have water flowing over their covers. Other sources of I&I include private (resident and business) services that are cracked or broken and storm water connections from sump pits, roof drains or surface drains into sanitary sewers. The storm water connections from sump pits, roof drains or surface drains are illegal based on Chapter 97.01 (was amended as such by Ordinance 612 in 1979.)

I&I not only causes sewage backups in basements, but also results in a substantial increase in energy needs and rapidly advances the need for repair and maintenance due to increased burden on the system. In addition, there is a reduction in sewer capacity, which shortens the life of the current treatment facility. All of which result in increased cost and financial burden on citizens and businesses of Indianola.

In addition to Chapter 97 of the City of Indianola Code of Ordinances, the City adopted Chapter 94 of the City of Indianola Code of Ordinances authorizing Time of Sales Inspections within the City sanitary sewer system.

The mayor and council therefore adopt the following policy to abate problems associated with I&I:

1. The city shall perform a study to locate I&I using sewer department staff and an engineering firm. It shall be conducted on an area-by-area basis concentrating on the city’s sewer mains by televising, cleaning, smoke testing, and installing flow meters.

2. The city staff will prioritize their findings to repair the most severe first with the funds budgeted for that budget year. Public sewers and manholes with I&I shall be repaired using sewer revenue including fees and grants etc. designated by the city council.

3. Private sources of I&I will be inspected pursuant to the Time of Sales ordinance, or as part of a Capital Project or resident request. Inspection Fees will be assessed pursuant to the city’s annual fee schedule. Illegal connections shall be repaired as noted below.
   - Information obtained that identifies leaky lateral or other non-illegal contributors of I&I will be shared with the homeowner. The City will not mandate repairs.

4. Beginning May 1, 2017, the city will allow the residents that are on the I&I Penalty list the opportunity to be removed from the list if they have their residence inspected in accordance with the Time of Sale Ordinance and the penalty fees paid in full. Successful inspections will result in the issuance of a Certificate of Compliance and you will be removed from the I&I Penalty list starting with the next month’s billing. The certificate will be good for two years.

Upon written notification from the City (regular first-class mail) I&I flowing into the sanitary sewer from an illegal connection, the property owner shall have a period of **90 days to abate the problem**. Those owners that perform the proper repairs or retain a contractor to make the repairs within 90 days of notification or less shall be eligible for one of the following finance options:

a) 25% reimbursement (not to exceed $1000) for the disconnection costs. Repair amounts in excess of $7500 and up to $15,000 will be eligible for an additional rebate amount equal
to 10% per $1000. A repair in excess of $15,000 will receive an additional 25% per $1000.

OR:

b) Loan Amounts may range from $3,000 to $7,500 with a three (3%) interest rate. Loan term may vary not to exceed ten (10) years. Loan requests will be approved by the City Manager.

Inspection by city staff both prior to and after repairs shall be necessary for a reimbursement or loan. In addition, a billing statement for services performed shall accompany the request for reimbursement. For those owners opting to do the work without the assistance of a commercial contractor, the city shall reimburse 50% of the material costs only. The reimbursement shall not exceed $500.

Example:
1) $3,000, 3%, 5 years
2) $4,000, 3%, 7 years
3) $5,000, 3%, 8 years
4) $5,500, 3%, 9 years
5) $7,000, 3%, 10 years

For those property owners who opt not to repair the illegal connection from the sanitary sewer after the 90-day period, a $50.00 per month fee shall be applied to the utility bill until the disconnection has been performed, but not to exceed 1 year. By the end of the 1-year period, the owner shall have completed the disconnection.

If the owner has failed to repair the illegal connection the monthly fee will increase to $70.00 until repairs have been made. By the end of the second 1-year period, the owner shall have completed the disconnection. If the owner has failed to repair the illegal connection the City will seek to enforce this policy using all lawful means, including but not limited to the prosecution of a municipal infraction which could result in a civil penalty, court cost, and / or a court order requiring that repairs be made within a certain time period.

Provisions of this policy may be waived by the City Council.

The foregoing requirements and guidelines must be followed by all banner users. Corporate banners recognizing company anniversary events or special recognition may be permitted subject to all the above design and location criteria.

Exemption
The City Council may approve any banner design, content or location for a person not to exceed 1 year.

**Revolving Loan Fund Program Policy**

The purpose of this policy is to provide broad direction for the implementation of a Revolving Loan Fund by the City of Indianola.

**Geographic Area**

Benefited entities shall be limited to an area described in the Urban Renewal Plan for the Original Downtown Urban Renewal Area on file in the City Clerk’s office.

**Purpose**

The program’s purpose is to assist building/landowners in the retrofit, renovation, or new construction of properties or second story housing development, within the designated area to provide: new retail service, housing projects; to combat urban blight; and to provide employment opportunities in the City of Indianola.

**Program Methods**

The assistance provided to the building/business owner will come in the form of direct, zero interest loans, of up to 25% of the project cost or $10,000, whichever is less. The Council reserves the right to approve projects for more than $10,000 if they provide broader economic benefits to the community and are recommended by the Director of Finance.

**Eligibility Criteria**

The Director of Finance shall establish objective eligibility criteria, funding priorities, and program requirements that meet local, state, federal, and grant funding requirements as applicable. The Director of Finance shall maintain proper documentation of these procedures on file in the City Clerk’s office. Exceptions to the eligibility criteria for projects approved by the Director of Finance using his/her own guidelines shall be disclosed to the City Council.

**Implementation**

The Director of Finance shall provide recommendations to the City Council under this program on applications it approves for funding.

Disbursements under this program shall be submitted to the City Clerk’s Office for council consideration using existing policies and procedures.

*Adopted by City Council on August 6, 2001; amended August 4, 2008.*
**Roadside Trail Development Policy**

Where trails will double as sidewalks as per the City Parks and Trails Master Plan along designated Green Streets or where Roadside Trails are designated, the developer, prior to or at the time adjacent houses are constructed, shall install an 8 ft or 10 ft wide concrete trail (whichever is required) instead of 4 ft wide, with the city paying the width difference greater than 4 ft.

**Installation:** must follow city specifications

**Maintenance:** 50% owner-50% city (8 ft wide), 40% owner-60% city (10 ft wide)
The city will determine when a repair or replacement is needed, notify the property owner and hire a contractor to perform the work. The city shall pay the contractor and bill the property owner for 40% or 50% of the cost, depending on the trail width.

Snow Removal: The property owner shall be responsible for snow removal to a width of 4 feet.

*Adopted by City Council on September 9, 2006.*
Sidewalk Agreements

Staff has the authority to enter into sidewalk agreements with square businesses, which will include the following:

- Hold harmless agreement
- City as a “name insured” on a $1,000,000 (where no liquor license is involved)
- 50 cents per square foot of occupied space
- Term agreed to annually

Any agreements that are “outside” the conditions above will be brought to council for consideration.

*Adopted by City Council on June 21, 2004.*
**TIF Program Policy**

The purpose of this policy is to provide guidance regarding the use of Tax Increment Financing (TIF) to enhance economic development in the City of Indianola (the City). This policy does not replace project area objectives or types of renewal activities listed in any Urban Renewal Plan. Nothing within this policy requires the City of Indianola to provide funding for any project, regardless of that project’s ability to meet eligibility guidelines. Any project making application for TIF funds must be located in a designated TIF district and is subject to the particulars of the respective Urban Renewal Plan applicable for said TIF district.

**Goal**

The goal of Indianola’s Tax Increment Finance (TIF) program is to effectively encourage economic development, enhance industrial and non-retail commercial property tax base, create high-quality employment opportunities, and attract businesses that contribute to the general well-being and quality of life of Indianola’s residents.

**Uses of Funds**

- Construction and repair of public infrastructure. TIF funds may be used to retire debt and pay interest for these projects until development occurs or until assessments and connection fees are paid.
- Direct assistance to pay assessments or connection fees for properties whose uses meet eligibility criteria. Properties that do not meet the criteria shall be required to pay assessments or connection fees, even if TIF is used to finance others within the same project.
- Direct assistance to businesses or property owners in the form of rebates, grants or loans for non-infrastructure uses. Loans may be interest bearing, zero-interest, or forgivable based on performance targets.
- To purchase or expand land ownership in partnership with the Indianola Development Association and any public/private partnership project that serves a public purpose compatible with the project objectives of a particular Urban Renewal Plan.
- Any other lawful use as listed in the Urban Renewal Plan on file in the City Clerk’s Office for any particular area.

**Property Use Eligibility Criteria**

- Properties owned by public entities that enhance the quality of life in Indianola, serve a public purpose, and stimulate economic development.
- Properties owned by the Indianola Development Association or any public/private partnership that serves a public purpose compatible with the project objectives of a particular Urban Renewal Plan.
- Properties with any proposed industrial usage.
- Properties with proposed commercial office or retail usage with combined taxable valuation of all lots that exceeds $10 million.
- Properties with proposed retail development with a taxable valuation under $10 million and all residential development properties are explicitly excluded from receiving TIF program funds.

**Project Eligibility Criteria**

The following project characteristics shall be the primary factors in considering project eligibility:

1. Improves the development viability of an eligible property and will likely meet at least 3 other project criteria within 5 years of funding.
2. Increases the taxable value of an eligible property within 2 years of funding.
3. Creates or retains quality employment opportunities within Indianola.
4. Is compatible with the community and surrounding properties.
5. Does not cause undue stress on City services or public infrastructure.
6. Does not create an unfair advantage for the property owner over existing property owners in the community.
7. Property owners or developers waive other forms of property tax abatement, exemptions, or incentives allowed by law, however nothing precludes the City from rebating property taxes paid.
8. Property owners or developers agree to minimum assessed values, construction timetables, and other criteria to be contained in a development agreement.
9. Property owners or developers shall construct public infrastructure necessary to serve the project in accordance with City specifications, and upon completion, dedicate such to the City.

Where applicable, assistance to private entities shall be based on criteria outlined in Iowa Code Chapter 15A, including, but not limited to the number and pay scale of projected new jobs and the amount of property tax base to be created. Pay scale shall be determined by the percentage of median income for Warren County. Other compensation criteria, such as benefits paid, may also be considered.

Project Priorities
1. Public infrastructure improvements adjacent to undeveloped property or proposed redevelopment.
2. Lending at low or zero-interest rates where local funds are used to match other public and private economic development incentives. Preference will be given to projects that expand existing businesses.
3. Direct assistance in the form of grants, rebates, or forgivable loans where local funds are used to match other public and private economic development incentives.
4. Lending or direct assistance without local funds matching other economic development incentives.

Application Procedure
• Application forms are available in the Community Development Office at City Hall, 110 N. First Street.

• Applications shall be submitted as soon as possible to the Community Development Office and, at a minimum, prior to the submittal of a site plan.

• The application shall be reviewed by the City Manager for completeness.

• The City Manager shall forward the application, with a recommendation for approval or denial, to the City Council for its consideration of the application.

• If the application is approved by the City Council, the City Manager shall prepare a Development Agreement, which shall contain the necessary financial and legal considerations. The cost to prepare the Developer Agreement shall be paid for by the applicant, including any outside counsel retained by the City for purposes of negotiating, drafting, approving or executing said Agreement.

• Once the Development Agreement is negotiated between the Applicant and the City Manager, the City Council will conduct a public hearing and take action on the agreement. The City Council must find that a bona fide public purpose will reasonably be accomplished by the project.

*Adopted by City Council on August 5, 1985.*

**Alleys and Streets – Sale Of**

Whereas the City Council of the City of Indianola, Iowa is desirous of setting a consistent and uniform policy in the pricing of streets and alleys offered for sale, the following be adopted as the policy of the City Council of the City of Indianola relative to the sale of streets and alleys:

1. It shall be Council policy that before a request to vacate and sell an alley be presented to the Council, that all the adjacent property owners and the property owners that abut the extension of the proposed vacated alley prior to the alley crossing a designated city street, must sign that they are in agreement on the sale of the alley and the division thereof. All other property owners within the block shall be notified.

2. That such utility easements be retained over any street or alley sold by the City of Indianola as the City Manager may, in his opinion, determine as advisable and reasonably necessary under the existing circumstances.

3. That the standard price of $200.00 for an entire alley one-half block in length be set for each portion of an alley sold except for areas within two blocks of the city square or one block of 65/69 and 92 where a price of $400.00 for an entire alley one-half block in length is hereby set.

4. That it be adopted as a standard general policy that alleys be divided between the lots which are adjacent to it, and that parties owning the adjacent lots be notified in the event that an alley is going to be sold.

5. That a price of $500.00 for a street one-half block in length is hereby set.

6. That the purpose of this policy is to set a minimum, and in effect a standard price for alleys and streets offered for sale by the City of Indianola, Iowa. It is not, however, the intent of this policy statement to set a maximum price in the event that on a Notice of Sale there is more than one interested buyer and said parties are willing to bid against each other in excess of the price set by this policy statement. In the event that more than one party is interested, the street or alley shall be sold to the highest bidder as provided by law.

7. The purchaser shall, in addition to the prices set forth above, pay the necessary publication costs and legal fees incurred incidental to the sale.

8. Prospective purchasers shall deposit the amount of their bid with the City Clerk at the time of their request, which deposit shall be refunded in the event the sale is not approved by the Council.

*Adopted by City Council on October 19, 1981.*
**Alley Policy**

The City Council recognizes it is of mutual interest to property owners and the City to vacate and sell unused alleys to property owners. The Council from time to time may allow property owners to obtain unused or low-use alleys from the City for a purchase price of $1.00 plus costs which shall include but are not limited to publication, attorney, recording and survey fees. Alleys sold by the City must be unused or low use and have unanimous approval of property owners abutting the alley to be sold.

*Adopted by City Council on May 18, 1987; amended August 4, 2008.*

**Alleys – Hard Surfacing**

The City will pay one-third the cost of constructing a hard-surfaced alley. All in-kind service and/or labor by the City will not be included in the City's 1/3 allocation. In order for the City to participate in the construction, the alley will be constructed in accordance with City specifications.

*Adopted by City Council on April 3, 1981.*

**Alley Maintenance**

**Hard-Surfaced Alleys**

The City of Indianola will provide maintenance on hard-surfaced alleys. This includes, but is not limited to, patching holes, plowing snow and sweeping the alleys. Major maintenance is not included as part of this policy and the cost incurred in such a project may be assessed to property owners.

Major maintenance of hard-surfaced alleys shall be defined but not restrictedly limited to asphalt or concrete overlays over large sections of the hard surface or reconstructing a large section of the hard-surfaced alley.

Exception: The above section shall not apply to the alleys within one block of the square. For these alleys, given their commercial and therefore public use, the mayor and council may opt to improve them at the city's expense. Improvement for this section shall only include asphalt overlays.

**Rocked Alleys**

The City of Indianola will grade and plow snow on rocked surfaced alleys upon request. Additional rock will be added on a minimal basis to existing maintained rocked alleys or future constructed rocked alleys. This rocking by the City is not to be construed to construct or reconstruct non-surfaced alleys but only to maintain rocked surfaced alleys. Any cost incurred for construction or major reconstruction of rocked alleys should be borne by the property owners.

Major construction or reconstruction of rocked alleys shall be defined but not strictly limited to the addition of rock or other road building materials on a major portion of an alley or removing old material and replacing it with rock or other road building materials.

If a dispute between property owners occurs due to the City's maintenance of an alley, the City reserves the right to ask the person who requested the maintenance to obtain signatures of the majority of the abutting property owners on the alley and/or the majority of ownership, per running foot, on the alley before the City will continue to maintain the alley.

*Adopted by City Council on April 3, 1981.*
Dirt Alleys

Dirt traveled alleys will be graded and snow plowed upon request. Rock or other road building materials will not be added to dirt alleys by the City.

If a dispute between property owners occurs due to the City's grading of an alley, the City reserves the right to ask the person who requested the grading to obtain signatures of the majority of the abutting property owners on the alley and/or the majority of ownership, per running foot, on the alley before the City will continue to grade the alley.

Adopted by City Council on April 3, 1981.
**Calcium Chloride (Dust Control)**

The City will pay for one application of calcium chloride (dust control).

*Adopted by City Council on April 16, 2001.*
Parking Lot Maintenance

City policy on maintaining parking lots is that the City owned or properly leased parking lots shall be surfaced and maintained, as needed under the supervision of the City Manager.

Adopted by City Council on August 1, 1977.

POLICY

The purpose of this policy is meant to provide general guidelines for snow and ice removal operations. Due to unpredictability of weather events, this policy provides for modifications to be made in the field by the Street Superintendent or designated person in charge in an effort to best serve the community and meet the intent of this policy. This policy will be presented to the City Council annually in September for update, review, and approval.

The City of Indianola does not utilize a “Bare Pavement” snow/ice removal policy. This policy does not guarantee that streets, sidewalks, parking areas, trails or other public property will be free of snow and ice after execution of the Snow and Ice Removal Policy and Procedure Manual. Bare, dry pavement should not be expected and will not always be provided. This plan attempts to maintain an adequate driving surface for properly equipped vehicles and drivers prepared for winter driving conditions, and to provide pedestrians with safe routes of travel.

IOWA WEATHER CONDITIONS

The average annual snowfall in Indianola is 27 inches per year. We anticipate 15 snowfall or ice events per year, which requires action on part of the City for removal or control.

The overall budgetary and planning goal for our snow and ice removal efforts is: plan for the worst, hope for the best, budget for an average snowfall, and use contingency funds if we have a severe winter.

NOTIFICATION OF WINTER WEATHER EVENTS

The City of Indianola does not employ the services of a private weather forecasting service. Street Department staff will monitor commercially available web based forecasts (i.e. Weather Underground, Weather.com), government forecast information (National Weather Service, Iowa State University Meteogram Generator), Iowa DOT Road Conditions, and local television news forecasts (KCCI, WHO, WOI). The Street Superintendent will attempt to keep all other City departments informed of the potential winter weather event beginning around 48 hours in advance of the event. Past experience has shown forecasting farther out than 48 hours is extremely variable. Information is typically emailed out with timing of the storm and anticipated response from City Crews. The City will use all of this information to formulate a response to impending winter weather. The timing, duration, and temperatures involved in a winter weather event will dictate the scope of the response from the City of Indianola. When weather conditions constitute snow removal and/or ice mediation activities, the City of Indianola Streets Department, City Manager’s Office, and the Indianola Police Department shall notify and alert citizens of these efforts. Notification to the public is sent through a press release or email to the local media outlets, the City of Indianola web page is updated, and social media sites controlled and operated by the City, the City Clerk’s office, and Indianola Police Department will be updated.

USE OF CHEMICALS AND ABRASIVES (SALT AND SAND)

The policy of the department is to use salt or salt/sand mix for melting of ice and hard packed snow. A 2:1 sand/salt mix will be utilized in a majority of circumstances. Salt is used only when it can be effectively
applied or extreme conditions warrant. As a rule, it will not be applied when temperatures are below 20°F and falling due to the ineffectiveness negated by refreezing or roadway surfaces.

Locally available screened/washed sand is used as an abrasive to help remove ice and hard packed snow and as a driving aid during slippery conditions.

**EQUIPMENT AVAILABLE**

The primary equipment available to remove snow and ice will be supplied by the City Street Department. List of equipment can be seen in Exhibit 1 of the Appendix to this document.

During normal snow removal operations, 6 truck plows, 1 road grader, 1-wheel loader, and 2 pickup trucks are available.

All truck-mounted snowplows have quick attachments and can be mounted in 15 minutes or less.

All plow trucks are also equipped with sanders for salt/salt applications.

**MANPOWER AVAILABLE**

The primary manpower for snow removal shall be supplied by the City Street Department. The manpower consists of 1 Street Superintendent, 2 Heavy Equipment Operators, 3 Medium Equipment Operators, 1 Light Equipment Operator, and 1 On-Call Seasonal Employee.

For normal snow events, the Street Superintendent shall determine hours of operations, as conditions direct. The City Manager and Police Chief shall be notified of anticipated operating hours. Personnel from other City and Indianola Municipal Utility Departments may be utilized in certain prolonged events.

**MONITORING AND NOTIFICATION OF ICE/SNOW EVENTS**

The Police Department and the Street Superintendent, when inclement weather is approaching, shall continuously monitor weather reports. The Police Chief, Street Superintendent, and City Manager shall keep each other informed of anticipated snow events, including timing and intensity of the event. The primary responsibility shall rest with the Street Superintendent.

During nighttime, weekends and holidays the Police Department shall monitor weather reports and road conditions and notify the Street Superintendent or appropriate Street Department personnel when potential action is needed by the City Street Department.

**SANDING/SALTING PROCEDURES**

Sand and salt shall be used sparingly and only when application will produce a positive result. During certain weather events priority will be given to dangerous intersections, hills, city owned and controlled parking lots, and other hazardous areas will be sanded or salted. The Street Superintendent shall authorize the use of salt/sand mix, straight salt, and/or straight sand but the route driver will be responsible for the application along his/her route as need arises.

**SNOW ORDINANCE/ TOWING VEHICLES ILLEGALLY PARKED**

The City of Indianola Code of Ordinances Chapter 69, Sections 10 and 11 serve as referenced Code for this Policy Manual (Exhibit 3). The purpose of the snow ordinance is to allow for safe and efficient snow removal operations on snow routes throughout the City. If forecasts indicate that two inches of snow or more is probable the City of Indianola may begin proactive notification that the snow ordinance will go into effect. It
will be the City’s goal to time the commencement of the snow ordinance to minimize the inconvenience on
the public; however, the timing of the beginning of the ordinance will be dictated by the winter weather event.
Vehicles parked on the streets during a snow removal effort may be ticketed and/or towed to allow for safe
and efficient plow operations.

Depending upon severity of winter event, the Street Superintendent (or designated department representative)
will communicate with the Police Chief and the City Manager as to timing of plowing and snow hauling
activities. In extreme weather occurrences or sustained weather events, trucks may only be plowing on select
arterial and collector streets in order to maintain passable conditions for emergency vehicles.

**SNOW REMOVAL PROCEDURES**

Snowfalls less than 2 (two) inches will not be plowed from streets unless drifting is occurring. Accumulation
of snow on or drifting of streets may dictate variations in snowplowing activity.

Snow removal efforts shall be made on a priority system as follows:

<table>
<thead>
<tr>
<th>Public Facilities/ Downtown Square</th>
<th>Cleared within 12-24 hours of end of snow event by City Street Department. Hauling of snow, where necessary, will occur when deemed practical and necessary.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Arterial and Collector Streets</td>
<td>Cleared within 12-24 hours of end of snow event by City Street Department.</td>
</tr>
<tr>
<td>Residential Streets</td>
<td>Cleared within 12-24 hours of end of snow event by City Street Department.</td>
</tr>
<tr>
<td>Alleys</td>
<td>Cleared within 48 hours of end of snow event by City Water Pollution Control.</td>
</tr>
<tr>
<td>Public Parking Lots</td>
<td>Snow will be plowed in driveways of parking lots and vacant parking spots within 12-24 hours of end of snow event by City Street Department. Hauling of snow, where necessary, will occur when deemed practical and necessary.</td>
</tr>
<tr>
<td>Sidewalk, City Responsibility and Trail</td>
<td>Cleared within 48 hours of end of snow event by City Parks Department.</td>
</tr>
</tbody>
</table>
• Due to route efficiency, intermingling of types of streets, and changes in priority due to unforeseen events, the aforementioned areas are not necessarily plowed in the order that they are presented in this document.

BOUNDARY STREET JURISDICTION-RESPONSIBILITY

The City of Indianola will not be responsible for any snow removal outside our municipal boundaries except on roads with 28E agreements in place in cooperation with Warren County. The map in Exhibit 4 of the Appendix will show Warren County/City of Indianola responsibilities per the 28E agreement.

SIDEWALKS – PRIVATE RESPONSIBILITY

All sidewalks adjacent to private property are the responsibility of the property owner or occupant. All complaint calls shall be routed to the Community Development Department for complaint follow-up and code enforcement. The City Code section concerning private sidewalk snow and ice removal can be found in Exhibit 3 of the Appendix to this document.

A reasonable time period shall be 72 (seventy-two) hours for purposes of enforcement. The City lacks sufficient manpower to clear sidewalks so every effort should be made to convince the property owner to clear the sidewalk of ice and snow.

DRIVEWAYS – PRIVATE

City snowplows will not clear private driveways of snow or ice. Due to the location of driveways and the volume of snow being moved, there will be occasions where the plowing operations may deposit additional snow into private driveways. The removal of snow and ice placed in driveways by city plows is the responsibility of the property owner. Snow or ice from a private driveway or property may not be placed on or pushed across a city street. The City Code section concerning private driveway snow and ice removal can be found in Exhibit 3 of the Appendix to this document. Please notify the Police Department of any violations of the city code.

MAILBOXES

Every attempt will be made by the snowplow operator to clean snow adjacent to mailboxes to allow rural type mail delivery. The snow will only be cleaned, however, from curb line to curb line. The adjacent property owner is responsible for any other snow cleaning and to assure the mailbox is properly installed to withstand snow-clearing efforts by the City. The City will not be responsible for damage to mailboxes unless they were properly constructed and struck by a snowplow. It must be shown that a City plow struck the mailbox or the support structure of the mailbox for the City to be held responsible for any damage. The City will not be responsible for any damage to mailboxes caused by snow and/or ice or the force of snow and/or ice thrown from the plow during plowing operations.

If a complaint is received regarding a mailbox suspected of being hit by a snowplow, an incident report must be filled out by the citizen issuing the complaint. The City will investigate the complaint and notify the citizen of the outcome. If it is determined that the City did hit the mailbox in question, the City will provide the materials and labor necessary to install a 4X4 mailbox post assembly and USPS-approved,
standard-size mailbox. Mailboxes of alternate construction, size, and/or material will have a claim filed by the property owner with the City’s insurance company through the Risk Management Department.

**COMMUNICATIONS**

All snowplow equipment shall keep in radio communication with the Street Superintendent or Heavy Equipment Operators at all times. Check the radio before starting duty. Radio communications by snowplow operators shall be between supervisor and equipment operators.

All communications, whether they are direct, telephone, or radio shall be made in a kind, courteous, and business-like in manner.

The supervisor on duty shall periodically keep the City Manager informed on road conditions and snow removal efforts.

**CITIZENS COMPLAINTS**

All citizen complaints on the snow removal effort shall be routed to the Street Superintendent. Snowplow operators shall avoid verbal confrontations with citizens. All citizen complaints shall be treated courteously and followed up on promptly. Complaints will be reviewed, debriefed, and responded to. Every attempt will be made to respond to inquiries/complaints within 2 business days during normal business hours. Due to the nature of snow removal operations, citizens are encouraged to use the customer service portal on the City of Indianola website (www.indianolaiowa.com) as a preferred method of reporting.

**WORK HOURS AND RULES**

Employees will be compensated according to the effective Employee Policy.

**SAFETY PROCEDURES**

Safety is paramount to any snow event. The sole purpose of the snow/ice removal operation is to make the streets, sidewalks, alleys, and parking lots safe for the motoring and walking public. All snowplow operators shall observe the following safety rules.

Check your snow removal equipment prior to leaving the shop including:
All working lights and emergency lights
Radio
Snowplow and frame for damage
Sander
Rearview mirrors
Flags and reflectors
Windshield wipers
Heater and defroster
Oil and gas levels
Obey all applicable traffic laws.
Report any non-working equipment immediately.
Use reasonable caution in operation of snow removal equipment. Do not drive too fast. Slow down if in cramped quarters with parked cars on a street. Know your route and any fixed objects covered by snow. Only travel on wrong side of street if another truck is blocking traffic. Do not follow cars or other snow removal equipment too closely. Slow down prior to turning — your plow will tend to push you where it wants to go. Snowplows are emergency equipment, but they still must obey all traffic laws and give right-of-way to other vehicles. Notify following truck prior to turning, when plowing in tandem.

ACCIDENTS

Report all accidents immediately to your supervisor and the Police Department. The Police Department will be called to investigate the accident. All procedures for property damage and/or injury shall be followed as outlined in the City Employee Handbook. The Risk Management/ Human Resources is also to be notified.

CARE AND USE OF EQUIPMENT

The snowplow operator is responsible for routine maintenance on his vehicle. Report any maintenance needed to the supervisor on duty. Check vehicle before and after use for any maintenance needed or damage to equipment. The vehicle is to be refueled at the end of duty shift.

During snow removal emergencies snow removal equipment maintenance will take priority over any other city equipment or vehicles, subject to the discretion of the department supervisor.

No towing or pushing of vehicles, other than city vehicles, shall be allowed. No “jump” starting private vehicles shall be allowed. Rides to private citizens, other than city employees shall not be allowed except for emergency purposes only, i.e.: doctors to surgery, nurses needed for surgery, pharmacist for medicine calls, any other rides must be approved by the City Manager.

SEVERE STORM & DECLARED EMERGENCY MANAGEMENT

In the case of severe storms, state, or federally declared disasters as they apply to snow events, and when the City’s emergency operations center is activated, the management of extreme snow emergency incidents will be conducted utilizing the National Incident Management System (NIMS) and Incident Command System (IC). Decisions for this utilization will be based off information provided by local and national weather service predictions and forecasting from the Des Moines office (NOAA).

OTHER AREAS OF CONCERN AND ATTENTION

The City Street Department will assist all other City and Indianola Municipal Utility Departments with needs that arise in snow and ice efforts.
The Indianola YMCA utilizes private contractors for snow removal efforts. The City will provide sanding/salting services and will haul snow piles from the YMCA parking lot when deemed necessary.

69.10 SNOW EMERGENCY.
1. No person shall park, abandon or leave unattended any vehicle on any public street, alley or parking areas in the public right-of-way and immediately adjacent to the traveled portion of a street during any snow emergency parking ban unless the snow has been removed or plowed from the street, alley or parking areas in the public right-of-way and immediately adjacent to the traveled portion of a street and the snow has ceased to fall. A snow emergency parking ban shall begin when the National Weather Service predicts that two (2) or more inches of snow or ice will fall in the Indianola area or two (2) or more inches of snow or ice has fallen in the Indianola area, and shall continue through the duration of the snow or ice storm and the forty-eight-hour period after cessation of the storm, except as above provided upon streets which have been fully opened.

2. Such a ban shall be of uniform application, and the Police Chief is directed to widely publicize the requirements, using all available news media, in early November of each year. The emergency shall be extended or shortened when conditions warrant upon proclamation by the City Manager or a designee.

3. The foregoing prohibition shall be modified within the downtown area and near the Simpson College campus as follows:

A. On Howard Street, from Boston Avenue to First Avenue;
B. On Buxton Street, from Boston Avenue to First Avenue;
C. On Ashland Avenue, from First Street to B Street;
D. On Salem Avenue, from First Street to B Street;
E. On B Street, from First Avenue to Boston Avenue;
F. On First Street, from First Avenue to Boston Avenue;
G. On Boston Avenue, from First Street to B Street;
H. On First Avenue, from First Street to B Street;
I. On D Street, from Girard Avenue to Detroit Avenue;
J. On C Street, from Clinton Avenue to Girard Avenue.
K. On Detroit Avenue, from Howard Street to Buxton Street.

4. The foregoing prohibition does not apply to the area described in subsections 3(A) through (H) during normal business hours of 8:00 a.m. to 6:00 p.m. and during evening business hours as defined by the Indianola Chamber of Commerce, and further, during Christmas holiday hours as defined by the Indianola Chamber of Commerce each year. The foregoing prohibition does not apply to the area described in subsections 3(I) through (K) between 8:00 a.m. and 10:00 p.m.

(Ord. 1288 – Aug. 04 Supp.)
69.11 SNOW ROUTES. The Council may designate certain streets in the City as snow routes. When conditions of snow or ice exist on the traffic surface of a designated snow route, it is unlawful for the driver of a vehicle to impede or block traffic.

136.03 REMOVAL OF SNOW, ICE AND ACCUMULATIONS. It is the responsibility of the abutting property owners to remove snow, ice and accumulations promptly from sidewalks. If a property owner does not remove snow, ice or accumulations within a reasonable time, the City may do so and assess the costs against the property owner for collection in the same manner as a property tax. The abutting property owner may be liable for damages caused by the failure of the abutting property owner to use reasonable care in the removal of the snow or ice. If damages are to be awarded under this section against the abutting property owner, the claimant has the burden of proving the amount of the damages. To authorize recovery of more than a nominal amount, facts must exist and be shown by the evidence which afford a reasonable basis for measuring the amount of the claimant’s actual damages, and the amount of actual damages shall not be determined by speculation, conjecture or surmise. All legal or equitable defenses are available to the abutting property owner in an action brought pursuant to this section. The City’s general duty under this section does not include a duty to remove natural accumulations of snow or ice from the sidewalks. However, when the City is the abutting property owner it has the specific duty of the abutting property owner set forth in this section.

135.12 DUMPING OF SNOW. It is unlawful for any person to throw, push, or place or cause to be thrown, pushed or placed, any ice or snow from private property, sidewalks, or driveways onto the traveled way of a street or alley so as to obstruct gutters, or impede the passage of vehicles upon the street or alley or to create a hazardous condition therein; except where, in the cleaning of large commercial drives in the business district it is absolutely necessary to move the snow onto the street or alley temporarily, such accumulation shall be removed promptly by the property owner or agent. Arrangements for the prompt removal of such accumulations shall be made prior to moving the snow.

Stop Sign & Speed Zone Change Request Policy

**Purpose**

To provide for a uniform process for handling citizen requests for installation of new stop/yield signs or changes to speed zones on streets controlled by the City of Indianola.

**Policy**

Requests for such changes shall be initiated with a citizen request, using the form attached as Exhibit B to the adopting resolution. If a citizen makes a request at a Council meeting, they will be directed to complete the form. The form will be made available online as well as at City Hall. An elected official may also complete the form to initiate a request for review.

Upon receipt of a completed request form, City staff and the City Engineer will conduct any necessary field research to evaluate the request. Requests will be evaluated based on the guidelines of the U.S. DOT’s Manual on Uniform Traffic Control Devices (MUTCD).

Efforts will be made toward being efficient in evaluating the request, and the typical timeframe for processing a request should not exceed one month, barring unusual circumstances or the need for more extensive research.

*Adopted by City Council on October 1, 2018*

STREET CONSTRUCTION

- Asphalt Overlays 115
- Concrete Street Replacement 115
- Non-TEA-21 Streets 116
- TEA-21 Streets 116
- Streets Funded by Alternative Revenue Sources 116
- Sidewalk Installation 117
**Asphalt Overlays**

The City Council on paved streets shall assess 100% of the overlay project costs. Assessments shall not include: 1) engineering; 2) curb repairs and replacement and; 3) repairs to the street prior to the overlay.

For streets that potentially have an additional 20 years of life based on limited structural deterioration, the engineer shall prepare a cost estimate for rehabilitation. This includes replacement of excessively cracked panels, replacement of deteriorated curbs, placements of asphalt overlays or other repairs necessary to improve the streets appearance to substantially the same standard as required in new subdivisions.

In addition, for those property owners who pay their assessment within 30 days of adoption of the final assessment schedule, no default fee shall be charged.

*Adopted by City Council on May 17, 1993*

**Concrete Street Replacement**

The following policy shall be used for replacing existing concrete streets. The council's vision centered on minimizing neighborhood deterioration as well as possible segregation of the community into high and low-income housing areas.

Factors for consideration include:

A. Approximate Age of Original P.C.C. - The basis of a concrete street replacement policy shall be that all streets which reach 70 years of age may be replaced unless engineering investigations show above average performance by the street pavement. Streets that show excessive deterioration before reaching 70 years of age may also be subject to replacement.

The above time line approach will allow the City Council and residents adequate time to plan for the financial impact of a street replacement program.

B. Arterial/Collector Streets - Arterial and collector streets require a higher level of maintenance since they attract through traffic and are intended to be used more than neighborhood streets. The timing of replacement for these streets will depend on the amount of damage sustained from truck traffic and funding availability from state and federal programs. These streets will be reviewed periodically and property owners will pay a reduced special assessment which is consistent with the ISTEA Street Replacement Policy.

C. Engineer's Recommendation - Evaluating and rating of streets by an engineer shall include but not be limited to use of core samples for determining thickness and structural strength. In addition, the general condition of the street including curb defects, types and frequency of cracks, formation of potholes, pavement irregularity and lack of storm drainage shall be reviewed. The engineers' recommendation shall be a key factor in street replacement.

*Adopted by City Council on March 6, 1995.*
**Non-TEA-21 Streets**

The City Council on non-paved streets will assess all eligible construction costs up to 31' B to B to the property owners. The assessment will be based on the benefited area.

Exception: The City Council may at it's option based on undue hardship as a result of the assessment, pay 50% of the paving for streets that are one block in length or less and that lie between two existing concrete paved streets.

On paved (hard surfaced) streets, the City Council will assess 0% of the eligible construction costs up to 25' B to B to residential, commercial, industrial and non-profit organizations.

*Adopted by City Council on January 15, 2001.*
*Amended by City Council on March 5, 2012*

**TEA-21 Streets**

The City Council on non-paved streets constructed with TEA-21 funds will assess all eligible costs that are not funded by the TEA-21 grant.

For streets that have been previously paved (hard surfaced), the city shall assess 0% of all eligible costs not funded by TEA-21 to the residential, commercial, industrial and non-profit property owners.

*Adopted by City Council on January 15, 2001.*

**Streets Funded by Alternative Revenue Sources**

On a case by case basis, the City will decide how much each property will be assessed.
Sidewalk Installation

When concrete streets are replaced, sidewalks shall also be installed where none currently exist and the lot is developed. The walks shall be installed as part of the street project.

The cost of material and labor shall be borne by the property owner. However, unique costs related to severe grade, tree and utility removal shall be borne by the city as part of the reconstruction project.

Adopted by City Council on April 17, 1995.

Animal Control

The purpose of this policy is to aid the general public in dealing with problems that result from the intrusion of wild animals into residential and commercial areas.

The city council authorizes the City Manager, or his designee, to pay the costs for wild animal control occurring in the city limits on either public or private property under the following conditions:

1. The contractor is required to be experienced in the capture and handling of wild animals.
2. The fee is based on a per animal basis.
3. The property owner is responsible for arranging the work with the contractor.
4. The contractor provides the city a per animal quote and, where applicable, other anticipated cost information, prior to engaging work on behalf of the customer.
5. The contractor provides the city an invoice for 50% of the cost complete with the name and address of the customer and a description of the wild animals captured.
6. Fees are reimbursed only after the wild animal(s) is/are successfully captured.

The following implementation guidelines apply to this policy:

1. Wild animals include, but are not limited to skunks, raccoons, opossums, and squirrels. This policy shall also apply for the capture and prevention of nesting locations for bats. Fees for domestic animal control shall not be authorized.
2. Payments for the city’s share shall be made solely to the contractor and not to the property owner.
3. No contractor shall be reimbursed for the capture of more than 6 animals from work at a single property within any 90-day period.
4. The maximum reimbursement amount set for skunks, raccoons, opossums, and squirrels is:
   1 animal $20
   Multiple animals at 1 trapping $15 each
5. The maximum amount of bat nuisance abatement and prevention shall be $200 for each individual claim.

Adopted by City Council on August 1, 1994; amended March 20, 2006.

City Policy on Lobbying

The “official position” of every city official or employee as well as the “official position” of the City of Indianola, for purposes of encouraging the passage, defeat or modification of any state legislation or any state regulation or influencing the decision of any state officials, or for any other purposes, can only be established by a motion, resolution or ordinance duly adopted by the City Council of the City of Indianola, Iowa. No such “official position” exists in the absence of such motion, resolution, or ordinance establishing such “official position”, and no city official or employee is authorized or empowered to represent or express any such “official position” on behalf of the City of Indianola.
No city official or employee is paid compensation for the purpose of lobbying or is authorized to act as a lobbyist on behalf of the City of Indianola.

In the absence of a motion, resolution or ordinance specifically authorizing and empowering a city official or employee to the contrary, every city official and employee having any contact with any state representative, senator, executive branch employee or officer, or any state agency employee or officer ("state officials"), shall immediately state the disclaimer found below before making any other statement unless (a) the contact is initiated, conducted and concluded by the state official exclusively for the purpose of obtaining purely factual non-confidential objective information or data about the city, or (b) the contact is initiated, conducted and concluded by the city official or employee exclusively for the purpose of obtaining purely factual non-confidential objective information or data about the state, or (c) the contact is limited to the city official’s or employee’s formal appearance to give testimony, or (d) the contact involves a lawyer licensed to practice law in the State of Iowa representing the city before any agency or in a contested case.

The disclaimer mentioned above shall consist of the following statement: “The Indianola City Council has not established an ‘official position’ on this matter either for myself, my officer, or the City. I am not compensated or authorized to lobby on behalf of the City of Indianola on this matter. Accordingly, any views or opinions I may express are my own alone as a private citizen and are not intended to reflect the ‘official position’ of the City of Indianola or of my office or position with the City of Indianola.” Upon the stating of this disclaimer, it shall be conclusively presumed that the city official or employee is exercising his or her own right to free speech and the right to petition his or her government.

City-Wide Clean Up

Policy for the annual City clean-up will be:

1. All large items, such as sofas, mattresses, etc. will be picked up on the residents recycling day. Appliances, such as stoves, refrigerators, furnaces, etc., shall be taken to the brush facility free of charge on designated days.
2. Items that are bulky, such as swing sets, should be cut up or dismantled into smaller pieces.
3. The spring leaf and organic yard waste disposal program will be available free of charge (on designated days of the week) at the Indianola Brush Facility only. Fees will still apply for brush which is anything that is ½ inch or more in diameter. Items may be loose or in paper bags only.
4. Also, there is a household hazardous waste and e-cycling collection at the Brush Facility – fees will apply to the e-cycling collection.
5. The City will not pick up trash or other items in trash containers, boxes or trash bags that the garbage haulers normally pick up.

Claims

It shall be Council policy that Board claims be approved by a majority or quorum of the Board prior to submission to the Council for payment. Documentation of this shall consist of a listing of claims accompanied by the minutes.

Approved by City Council on December 20, 1976; amended August 4, 2008.
**Dangerous & Dilapidated Program**

The D&D Committee shall establish a priority list (using the criteria below) designating properties for potential acquisition. Highways shall be the first priority.

The Community Development Director with cooperation of the City Attorney shall be responsible for negotiating and purchasing said properties.

All purchase agreements shall be approved by City Council.

**CRITERIA**

All properties purchased shall be vacant.

All purchases shall be voluntary and condemnation shall not be used.

Properties shall be purchased for a price at or below the Warren County Assessor’s valuation. Special circumstances may be considered to allow a higher price.

Properties purchased should have a reasonable (ten years or less) net (purchase plus improvements minus re-sale) return on investment (increased value over existing) when considering city, county and school tax revenue. Exception: If the property is used for “affordable” housing, the reasonable return on investment may extend to 15 years or waived completely.

*Adopted by City Council on July 18, 2000; amended August 21, 2008.*
**Permit Fees for Local Government Entities**

Effective October 15, 2018 the city shall not charge any related building permit fees to the Indianola Community Schools, Warren County or the Warren County Habitat for Humanity. Fees include building, plumbing, electric, water, sewer, driveway, sign, etc.

This policy shall be reviewed periodically to determine significant percentage changes and shall be adjusted accordingly and approved by council.

*Updated September 21, 1998, amended October 15, 2018*
Rezoning

Notice of the Planning & Zoning Commission meeting shall be mailed by first class mail ten days prior to the meeting to all property owners within 200 feet of a proposed rezoning.

*Adopted by City Council on April 2, 1984.*
**Excessive Sewer Policy**

The purpose of this policy is to provide the City Manager, or his designee, with the authority to issue credits to utility accounts with bona-fide excessive sewer usage in amounts up to $1,000 based on the following criteria:

- Water was metered
- Municipal employees verify evidence that water did not directly enter into the sewer system
- The metered water that did not enter into the sewer system was due to extraordinary circumstances beyond the utility account holder’s control

For any refund issued under this policy, the City staff has the authority to approve a refund of an amount less than $1,000. A refund exceeding this amount must be approved by the City Council. In all events, a refund shall be a credit on the customer’s invoice and shall not be paid in cash.

Any and all credits will be issued to the customer’s utility account and not as a cash credit unless approved by the City Council.

*Amended by City Council on December 19, 2016, August 7, 2017*
Sewer Policy Statement

Purpose

The purpose of this policy is to provide for the implementation of Chapter 99.04 of the Code Of Ordinances pertaining to the basis for establishing user charges for sewer services. Nothing in this policy shall be construed to apply to or interfere with other chapters of the Code of Ordinances for sewer services.

Policy Statement

In the event that it is discovered that a meter multiplier has been incorrectly applied to a customer’s consumption, a meter has been read incorrectly, the appropriate rate schedule has not been applied, a meter was not connected correctly, or in other similar circumstances, a refund or back bill shall be issued.

Whenever an incorrect reading of a meter, incorrect application of a rate schedule, incorrect meter connection or other similar reason occurs, the City shall make a refund for any overcharge or shall back bill for any undercharge. A refund or back billing shall be calculated using the actual consumption for (1) the preceding 60 months from the time the error was identified, or (2) for the period from the establishment of the current account holder to the time the error was identified, whichever is less. The maximum refund or back bill shall not exceed the amount of the actual consumption multiplied by the rate for like charges in the twelve (12) months preceding the discovery of the error, unless otherwise ordered by the governing body.

For any back bill issued under this policy, the customer shall be offered a payment plan agreement with repayment terms up to 12 months without interest or penalty. Any requested payment plan exceeding 12 months shall require Council approval. Failure to complete repayment will not lead to disconnection of services, but will lead to appropriate legal action being initiated by the city. The payment plan agreement shall also provide for complete repayment upon the closing of that customer’s account. Any agreement with terms exceeding these must be approved by the City Council.

Shared Sewer Service Policy

The Water Pollution Control Department has discovered that there are several shared sewer services that have two or more buildings located on separately owned lots connected to a single sewer service typically 6" VCP (Clay Tile) material. Shared sewer service collects from multiple residences and conveys it to the public sewer system.

2003 International Plumbing Code
Section 701.3 Separate sewer service connection. Every building having plumbing fixtures installed and intended for human habitation, occupancy or use on premises abutting on a street, alley or easement in which there is a public sewer shall have a separate connection with the sewer. Where located on the same lot, multiple buildings shall not be prohibited from connecting to a common building sewer that connects to the public sewer.

Purpose
This policy establishes standards for City staff when shared sewer service connections are discovered. The policy will provide information such as types of shared sewer services, notifications, and define steps for public sewer construction. The intent of this policy is to protect the health and welfare of the public by separating shared services that are the responsibility of multiple lot owners. It is inclusive of, but not limited to, single family dwellings, single family dwellings converted to apartments, and businesses.

Definitions
“Collection Sewer Service” - The portion of the shared sewer service system that collects and conveys sewage from multiple buildings that are located on separately owned lots to the public sewer system. It is owned by, and the responsibility of, the property owners.

“Physical Repair” - Any portion of the sewer service to be removed, replaced, or altered.

“Private Sewer Service” - A portion of the shared sewer service that collects and conveys sewage from the property to the collection sewer service. It is owned by, and the responsibility of, the property owner.

“Public Sewer” - Sewer in which all owners of abutting properties have equal rights, and is controlled by public authority

“Sewer Service” - The pipe that conveys sewage from a property to the public sewer system.

“Sewer System” - All facilities for collecting, pumping, and disposing of sewage.

“Shared Sewer Service” – The entire system of pipes from multiple buildings that are located on separately owned lots that convey sewage to the public sewer. This includes private sewers and collection sewer services.

Notification
- When shared sewer services are identified by the City of Indianola, property owners will be notified within 30 days.
• The notification will include a map that identifies the known properties that share the sewer service, an estimated location of the shared sewer service, the private sewer services, the collection sewer service, and the connection to the public sewer system.

• Property owners will be notified if there are maintenance issues with the sewer service such as sewer backups, inflow and infiltration, or if physical repairs are required. If repairs are required, the property owner will be given 6 months from the date of notification to comply, unless otherwise approved by city council.

**Reasons to abate Shared Sewer Services**
When property owners are required to disconnect from the shared sewer service they must reconnect to the public sewer in accordance with City code. Separation of the shared sewer service will be required if/when:

- A physical repair is required on one of the private sewer services.

- A physical repair is required on the collection sewer service.

- A public health issue arises.

*Temporary repairs to a shared sewer service will be allowed by the City. However permanent repairs are required and must be completed within 6 months of notification, as outlined in this policy.

**Request for Public Sewers**
Property owners may request a public sewer extension to separate shared sewer services. The City will provide the following:

- Cost analysis for public sewer installation and sewer service connection.
- Replacement cost estimate per property owner.
- Engineering, bidding, and construction contracts.
- Tentative schedule for replacement of the shared sewer service.
- 10-year loan agreement based on actual cost, subject to council approval.
- Payment schedules for property owners.

**Prohibited Acts**
Property owners that are connected to a shared sewer service will not disrupt, disconnect, or prevent the use of the service to other properties that are connected.

**EXAMPLES**

If a property owner’s **private sewer** portion of the shared sewer service is in need of repair, then they would be responsible for disconnecting from the shared sewer service and reconnecting to the public sewer.

If multiple property owners have sewer service above a portion of the **collection sewer service**, then they would be responsible for disconnection from the shared sewer service and reconnection to the public sewer.
See (Fig 1) for the Shared Sewer Service Diagram – back of council policy book

See (Fig 2) Shared Sewer Service Examples Diagram for a visual reference to the written examples of responsibility if the sewer is in need of a physical repair – back of council policy book

A) Property Owner #1 would be solely responsible for disconnecting from the collection sewer service and reconnecting to a public sewer.
B) Property Owners #1 & #2 would be responsible for disconnecting from the collection sewer service and reconnecting to a public sewer.
C) Property Owner #2 would be responsible for disconnecting from the collection sewer service and reconnecting to a public sewer.
D) Property Owners #1, #2 & #3 would be responsible for disconnecting the shared service and reconnecting to a public sewer.
E) Property Owner #3 would be responsible for disconnecting from the collection sewer service and reconnecting to a public sewer.
F) Property Owners #1, #2 & #3 would be responsible for disconnecting the shared service and reconnecting to a public sewer.
G) Property Owner #4 would be solely responsible for repairs to the sewer service.
H) Public Sewer would be the responsibility of the City.

*Adopted January 19, 2010*
Storm Watch & Warnings

During periods of potentially dangerous weather conditions, the Indianola Fire Department (IFD) will place the members on alert, or may place them into active duty as storm spotters.

Storm Watch – When conditions are favorable for more potentially dangerous weather conditions to occur. Simply stated, a watch is less dangerous. IFD personnel response is optional*. If responding, do NOT use blue warning lights. (*Duty Officer may request full response during storm watch.)

Storm Warning – When conditions are likely for dangerous weather conditions to occur. These can take the form of high winds, (up to and including tornadoes), dangerous lightning, intense rain, or snow and ice storms. Simply stated, severe weather will likely affect operations and require assistance. IFD personnel should respond to the station for assignment. Use of blue lights is authorized.

Due to the nature of storm warnings, the families of IFD personnel are allowed to respond to the station. Once there, they shall go to the basement of City Hall. The family members cannot be allowed to loiter on the apparatus floor, station bays, offices or day room.

If orders are given to place apparatus on storm watch, firefighters will respond in protective clothing.

The Duty Officer will determine the likely storm path and assign apparatus to areas of the City for maximum storm observation. Examples of apparatus placement might likely be:

- West  South “Y” Street near Farm Service, Inc.
- South  17th Street at the crest of the hill
- North  1200 block of Hayes Street.

Apparatus will generally stay within a 2-mile radius of the city limits unless otherwise directed by the Duty Officer.

The Duty Officer will determine when the storm sirens will be activated and any other procedures necessary to help ensure the safety of the public. The following criteria for activating the storm sirens shall be followed:

1. Storm sirens shall be activated when the National Weather Service has issued a tornado warning for the Indianola area.

2. Storm sirens shall be activated when the Duty Officer has a report from an authorized spotter of weather conditions that could be concern for the public’s safety.

*Adopted by City Council on November 17, 1997; amended August 4, 2008.*
Use of North Council Chambers

1. The North Council Room shall be reserved for the following:

   Council meetings – 1st and 3rd Monday evening of each month at 6:00 p.m. and 7:00 p.m. respectfully
   Any special called meetings of the Council.
   Board of Trustee meetings on the 2nd and 4th Mondays at 5:30 P.M.
   Planning and Zoning Commission meetings on the 2nd Tuesday of each month.
   Board of Adjustment meetings when called.

2. Civic organizations may use the room; however, they cannot be secretive, discriminatory, religious, or political (informational meetings sponsored by incumbents are allowed).

3. The use of the north council room may be pre-empted by the City Council at any time.

4. The City Manager and City Clerk shall be responsible for scheduling the use of the rooms and shall maintain a reservation schedule.

5. Any group wishing to use the rooms shall present a written request for reservation at least one week in advance of the time of intended use. This request shall be presented to the City Clerk.

6. The City Council has the right to change, modify or eliminate any or all policy regulations at any time.

Adopted by City Council on May 21, 1980.
**Voluntary Annexations**

All requests for voluntary annexation shall be referred to the Planning and Zoning Commission and Board of Trustees for their recommendation and report to the City Council.

*Adopted by City Council on January 16, 1974; amended August 4, 2008.*
POLICY FOR EXAMINATION OR COPYING OF RECORDS

GENERAL POLICY:

It is the policy of the City of Indianola to meet all reasonable requests for information and documents within the constraints of Iowa Code Chapter 22. This policy should be read in harmony with those provisions of Iowa Code Chapter 22 in effect at the time of the request.

The City of Indianola recognizes the right of the public to access public records maintained by the City in accordance with state law. When the City responds to requests to inspect or copy records, costs are incurred by the City. This policy is adopted to balance these competing interests, to establish an orderly and consistent procedure for responding to public records requests and to support the adoption of a fee schedule designed to reimburse the City for the actual costs incurred in responding to public records requests.

CUSTODIAN OF RECORDS:

Requests for public records should be directed to the respective lawful custodian of such records. The Police Chief is the lawful custodian of police records, the Fire Chief is the lawful custodian of fire records, the Library Director is the lawful custodian of library records, the Parks and Recreation Director is the lawful custodian of Park and Recreation records, and the City Clerk is the lawful custodian of all other city records. The contact information for such custodians is as follows:

GENERAL PROCEDURE:

- This policy is not intended to preclude verbal responses to routine requests for information. In addition, under certain circumstances, documents may be provided without a written request. Those circumstances may include:
  - Documents made generally available to the public at public meetings;
  - Subject to approval by the City Manager, a specific Department may establish separate departmental policy to allow verbal requests for public records maintained by that department which are routinely requested by members of the public as part of the department’s normal course of operations
- This policy does not apply to Indianola Municipal Utility records, police department accident reports, medical and fire reports, or fire investigation reports, which are subject to separate policies.
- **Written Request.** All parties requesting any City records are asked to complete and submit a written Request for Examination and Copying of Public Records form, attached hereto as Exhibit “A,” to allow the City to promptly and accurately respond. Written requests are not limited to
form Exhibit “A,” but use of the form is highly encouraged to ensure sufficient clarity of public
records requests. The City reserves the right to seek clarification of any public records request
before responding to the request. The City reserves the right to deny any public records request
if the request is sufficiently vague or unclear that the City cannot reasonably determine what
records have been requested.

- **Inspection.** Parties requesting the inspection of public records may do so at a date and time
during the regular business hours of the designated lawful custodian, or, if no such regular hours
are established, from 9:00 a.m. to noon and from 1:00 p.m. to 4:00 p.m., Monday through Friday,
excluding legal holidays. In-person inspection may be conducted in an on-premise room as
arranged by the custodian. No original public records or documents can be removed from the
premises at which they are stored.

- **Timing of Response.** The custodian of the requested records will attempt to fill record requests
in a timely manner within fourteen (14) working days, unless the records are subject to
consideration for exemption from disclosure as confidential under Chapter 22. Reasonable delay
for the purpose of determining whether a confidential record should be available for inspection
and copying to the person requesting the right to do so shall not exceed twenty (20) calendar
days. Such records may include, but are not limited to: medical records, personnel or employee-
related files, documents concerning litigation or claims, and/or names and addresses of
complaints. Any request for public records which could be exempt from disclosure under the
conditional exemptions in Iowa Code Section 22.7 shall be referred to the City Attorney for
review and response.

- **Electronic Media Requests.** All open record requests that are responded to by electronic media
shall be provided in a format that prevents the document from being altered.

- **Estimated Costs; Prepayment Required.** The person requesting the information shall be
provided a bill, which shall be paid before the photocopies will be released. If the cost of
responding to a request is estimated to exceed $10.00, the person requesting the records will be
provided with an estimated of costs, which the person will need to agree to pay prior to the
copies being made. If the cost of responding to a request exceeds $50, the person requesting the
records will need to pay the estimated costs prior to the copies being made. If the actual costs
incurred by the City to respond to a records request are less than the amount of any required
prepayment, the overpayment will be refunded promptly to the person or entity making the
prepayment. If the actual costs incurred by the City to respond to the request are more than the
amount of prepayment, the City shall charge the requestor for all additional costs.

**FEE SCHEDULE:**

If the number of photocopies does not exceed twenty-five (25) pages, or if staff time for
responding to the request does not exceed thirty (30) minutes, the following fee schedule
shall apply:

a. Fees for photocopies: $.25 per page for black and white copies and $1.00 per page for
color copies.

b. A fee for records provided on a CD is $10.00.
If the number of pages to be copied exceeds twenty-five (25) pages, or if the staff time involved in providing the records exceeds thirty (30) minutes, the following additional fee schedule shall apply:

a. Hourly rate for clerical time needed to make photocopies or copying to a CD - $25.00 (prorated to the nearest fifteen (15) minutes)
b. Hourly rate for professional staff time – Effective hourly rate of staff member for time needed to produce or review the documents (prorated to the nearest fifteen (15) minutes)
c. Routinely prepared or bound reports – Actual cost to produce
d. Special requests for records mapping requests, and other non-traditional methods of providing information may incur additional costs.

The City reserves the right to adjust the above fee schedule in the event of unanticipated costs.

Unless otherwise prohibited by law, the City may, at the City’s discretion, furnish copies of requested records without charge or at a reduced fee if the City determines that the waiver or reduction of fees is in the public interest.

EVENT APPLICATION POLICY

The purpose of this policy is to maintain procedures for event organizers to hold a fun and successful event. The policy will allow others who are using the trails, parks and streets to remain safe while the event is being held. A well-planned event translates to a successful activity that benefits both public and private interests.

An official City of Indianola “Special Event Application Form” must be submitted for all events planning to use public property. The complete application will provide the following information for the proposed event:

- Event name
- Event type
- Date/time of event
- Location of event
- Event sponsor(s)
- Organization
- Contact name
- Address, telephone number, cell phone number, fax number, e-mail address and date the application is delivered to the City Clerk’s office
- Anticipated Attendance
- Event Information (date and time for setup, event start/end, dismantle)
- Description of the request and event
- Describe what streets you are planning to close
- Describe safety plan including crowd control. The Indianola Police and Fire Department will review your safety plans to determine if adequate for planned event. In reviewing the application, they will be looking at anticipated crowd size, demographics, entertainment, alcohol, prior history with this event or similar events and other relevant criteria.
- Describe emergency/medical plan, including your communication procedures
- Describe cleanup procedures and removal of recyclable goods and garbage during and after event.
- When the street is closed off for the event an access lane needs to be maintained at minimum of 20’ wide per IFC 503.1.1 for emergency vehicles. If the event has a moving route this requirement is not applicable.

Application review process:

- If an event is held on City Streets - applications will be reviewed by the City Manager, Street, Human Resources/Risk Manager, Fire and Police Departments.
- If event is held on combination of City Streets and City Trails – applications will be reviewed by the City Manager, Street Superintendent, Human Resources/Risk Manager, Fire Department, Police Department, Park and Recreation Department.
- If event is held exclusively within City Parks or Trails - the Park and Recreation Department will review the event applications to verify they are in accordance with city park policies, rules and regulations.
- Applications for events held on City Streets or a combination of City Streets and City Trails will be approved or denied by the Indianola City Council.
• Applications need to be received no later than **60 days prior to your event.** If received less than 60 days prior to the event, staff will deny the application. It may be appealed to the City Council with a $50 late fee.

• All applications will need to complete a map showing street/lane closures, trails, parks you will be using, location of barriers/barricades, stages, platforms, parking, etc. If the event involves a moving route, indicate direction of travel.

• The Sheriff's Department shall have complete and unobstructed access to the west side of the Warren County Courthouse.

• If the Square is blocked-off, west bound traffic on Ashland should be able to turn north on Howard: south bound traffic on Buxton should be able to turn west on Ashland, east bound traffic on Salem should be able to turn south on Buxton and north bound traffic on Howard should be able to turn east on Salem.

• If the Square and one block in each direction are blocked-off, be sure plans include barricades one block west and east of the square on Ashland and Salem, one block north and south of the square on Howard and Buxton.

• Vendors are expected to park vehicles off of the Square once their booths/trailers have been set up – applicants will need to complete a map (B) showing parking of vehicles.

• Always be sensitive to neighbors and area businesses when interrupting normal traffic flow and using amplified music.

• You will receive communication after the request has been to council unless there are questions regarding your application.

• When the street is closed off for the event an access lane needs to be maintained at minimum of 20' wide per IFC 503.1.1 for emergency vehicles. If the event has a moving route this requirement is not applicable.

• An insurance certificate showing the City as an additional insured in the amount of $1,000,000 or more will be required.

**Special Events Held On City Trails/Streets:**

An official City of Indianola “Special Event Application Form” must be submitted for all events planning to use public property (City Streets, City Trails and/or a combination of City Streets and City Trails or Parks). The complete application will provide the following information for the proposed event:

• Event name
• Event type
• Date/time of event
• Location of event
• Event sponsor(s)
• Organization
• Contact name
• Address, telephone number, cell phone number, fax number, e-mail address and date the application is delivered to the City Clerk’s office
• Anticipated Attendance
• Event Information (date and time for setup, event start/end, dismantle)
• Describe what streets and/or trails, parks you will be closing or using (map required)
• Description of the request and event
• Describe safety plan including crowd control. The Indianola Police and Fire Department will review your safety plans to determine if adequate for planned event. In reviewing the application, they will be looking at anticipated crowd size, demographics, entertainment, alcohol, prior history with this event or similar events and other relevant criteria.
• Describe emergency/medical plan, including your communication procedures.
• Describe cleanup procedures and removal of recyclable goods and garbage during and after event.

Application review process:
• If event is held exclusively within City Parks or Trails, the Park and Recreation Department will review the event applications to verify they are in accordance with city park policies, rules and regulations.
• If an event is held on City Streets and/or a combination of City Streets and City Trails
  o Applications will be reviewed by the City Manager, Street, Human Resources/Risk Manager, Fire Department, Police Department and Park and Recreation Department.
  o All applications will be approved or denied by the Indianola City Council.
  o Applications need to be received no later than 60 days prior to your event. If received less than 60 days prior to the event, staff will deny the application. It may be appealed to the City Council with a $50 late fee.
  o All applications will need to complete a map showing streets that will be used and indicate direction of travel
  o An insurance certificate showing the City as an additional insured in the amount of $1,000,000 or more will be required.

EMS Billing Write off Policy and Payment Plan

PURPOSE:

This policy provides guidance when EMS bills will be written off or payment plan imposed

POLICY:

1. The City of Indianola Fire Department shall bill all patients through its contracted vendor, in accordance with local, state and federal (including Medicare and Medicaid) business billing and collection laws and practices.

2. The department and contractor shall monitor due and unpaid bills and issue a written monthly report on all delinquent accounts 90 days or greater to the Finance Director and Fire Chief outlining:
   - Financially responsible party
   - Total amount due/delinquent
   - Original date of service
   - Billing history

3. The Finance Director and Fire Chief collectively will take one of the three following actions related to delinquent accounts:
   - Authorize the bill to be forwarded to Iowa State Income Offset Program
   - Authorize the Billing Contractor continue efforts
   - Recommend the account be written off

4. Authority to write off delinquent accounts will be retained by the Indianola City Council as recommended by the Finance Director and Fire Chief. Write-offs may be based on (but not limited to):
   - Inability to locate financially responsible party (mail skip)
   - Deceased with no remaining assets
   - Balance on insurance companies that we are required to accept the assigned amount (Examples-Medicare, Medicaid, Medicare Railroad, Medicare HMO’s, Tricare/Champus)
   - Anyone that submits notice of bankruptcy
   - Anyone that can provide proof of income and that income falls below 150% of the federal poverty guideline that are set each year.
   - Small balance write-off, any balance below $20.00

5. Payment Plans
   
   Use the IMX Standard Process
   
   - If the patient is unable to pay the balance in full, then they may participate in a standard payment plan.
   - The patient’s balance is divided equally into 6 or less monthly payments
• Payments in the amount agreed upon must be received on time (every 30 days) to remain on the payment plan.
• If the patient does not comply with the agreed upon payment plan, they will be dropped from the payment plan and continue through the collection process up to being turned over to Iowa Income Offset Program once applicable.

6. Deceased Patients

• Charges for DOA’s should be billed to insurance only. Patients and/or family members should not be billed for copays/coinsurance/deductibles or non-covered charges. All balances not paid by insurance should be written off.

Small Wireless Facility
Antenna/Tower Right-of-Way Siting

PURPOSE:

1. This policy has been established to define the general requirements for the installation of small wireless facilities within the rights-of-way in the City of Indianola. The policy creates requirements for the siting and design of wireless communication structures, facilities, and related utilities. As such the provisions of this policy are intended to regulate and guide the installation of small wireless facility antennas and related accessory structures on infrastructure and to regulate and guide the installation of new communication towers when needed. It is the desire of the City to encourage the development of an aesthetically pleasing local environment. It is also the intent of the City to encourage the expansion of wireless technology, as it provides a valuable service to City residents and businesses. It is not the City’s goal to unreasonably discriminate among providers of functionally equivalent services nor to have the effect of prohibiting, either directly or indirectly, the provisions of small wireless services. It is the City’s goal to encourage wireless providers to construct new facilities disguised through techniques of camouflage design, as defined in this Policy. It is the intent of this Policy to achieve the following objectives:

   1) To minimize the adverse visual effects of communication structures through careful design, siting, locating and screening.

   2) To locate and engineer communications support structures in a manner which minimizes potential damage to adjacent properties from structural failure.

   3) To allow for the reasonable location and efficient use of communication structures through the co-location of carriers.

2. The City currently regulates all wireless telecommunications facilities in the public rights-of-way through a permit process. The City’s existing code is in the process of being updated to reflect current telecommunications trends or necessary legal requirements. Further, the existing code provisions were not specifically designed to address the unique legal and practical issues that arise in connection with multiple small wireless facility installations deployed in the public rights-of-way.

3. A recent FCC Order suggests that all local jurisdictions comply with various rules and recommendations on the exercise of local aesthetic, zoning, public works, and fee schedules when dealing with small cell (Small Wireless Facility) installations. The FCC Order also concludes that local governments function as regulators of their rights-of-way. The FCC’s Declaratory Rule and Third Order Rights concluded that when local governments regulate, they do so as a regulatory function. This section is supporting The Declaratory Ruling and Third Order Rights view of local governments acting as regulators. Thus, Indianola, Iowa is in clear need of policies that support their role as a regulator of their rights-of-way.

4. The City recognizes its responsibilities under the federal Telecommunications Act of 1996 and Iowa law and believes that it is acting consistent with Iowa Law in ensuring that development activity does not endanger public health, safety, or welfare. The City intends this Policy to ensure that the installation, augmentation and relocation of small wireless facilities installations in the public rights-of-way are conducted in such a manner as to lawfully balance the legal rights
of applicants under the federal Telecommunications Act and Iowa Law with the rights, safety, privacy, property and security of residents of the City.

5. This policy is not intended to, nor shall it be interpreted or applied to: (1) prohibit or effectively prohibit any wireless telecommunications service provider's ability to provide wireless services; (2) prohibit or effectively prohibit any entity's ability to provide any interstate or intrastate telecommunications service; (3) unreasonably discriminate among providers of functionally equivalent services; (4) deny any request for authorization to place, construct or modify wireless telecommunications service facilities on the basis of environmental effects of radio frequency emissions so long as such wireless facilities comply with the FCC's regulations concerning such emissions; (5) prohibit any collocation or modification that the City may not deny under federal or state law; or (6) otherwise authorize the City’s to preempt any applicable federal or state law.

6. Based on the foregoing, the Indianola City Council finds and determines that the preservation of public health, safety and welfare requires that this Policy be enacted and be effective immediately upon adoption.

POLICY:

A. Application for Small Wireless Facility Permit:

An applicant must submit an application for a permit to install a Small Wireless Facility, in, over or under Indianola City rights-of-way. Upon issuance of a permit by the city, the applicant agrees to abide by the terms and conditions of a permit agreement to be approved by the Community Development Department. The application shall consist of the following:

a) Application and Agreement for use of Street Right-of-Way for Utilities Accommodation

b) Detailed drawing showing location(s) of proposed Small Wireless Facility

c) Proposed location and routing of underground infrastructure (i.e. fiber, handholes/vaults). Fiber and handholes/vaults require separate license (permit) for installation and will be approved separately. Staff will review and provide comments to applicant at time of application for Small Wireless Facilities

d) Signed copy of Special Terms and Conditions for any underground work that will be required for the Small Wireless Facility whether construction is included with installation of Small Wireless Facility or under separate project.

e) Detail drawing of proposed and picture of Small Wireless Facility that will be installed. Detail and picture shall show everything that will be located on the pole/structure.

f) Copy of agreement with pole/structure owner if not the City (proof of permission to locate on pole/structure).

g) If installation is proposed on City owned pole/structure, applicant shall provide calculations as required in Section D Subsection H(l) of this Policy.

h) If new pole is required, application shall include details on proposed pole installation.

B. Permit Fee:
Before any **Small Wireless Facility** permit is issued, the applicant shall be required to pay a permit fee in accordance with a fee schedule established from time to time and approved by the City Council. The City reserves the right to do a rate study at a future date to establish the Permit fee for a Small Wireless Facility permit.

(a) The fee permissible in the most current FCC regulations but not less than $500 for non-recurring fees, including a single up-front application for collocation applications that includes up to five Small Wireless Facilities, with an additional $100 or the fee permissible in the most current FCC regulations, for each Small Wireless Facility beyond five;

(b) The fee permissible in the most current FCC regulations but not less than $1,000 for non-recurring fees for a new pole (i.e., not a collocation) intended to support one or more Small Wireless Facilities; and

(c) The fee permissible in the most current FCC regulations but not less than $270 per Small Wireless Facility per year for all recurring fees, including any possible ROW access fee or fee for attachment to municipally-owned structures in the ROW.

C. **Definitions:**

**Authority** Used as a noun, means a state, county, or city governing body, board, agency, office or commission authorized by law to make legislative, quasi-judicial, or administrative decision relative to an application. “Authority” does not include any of the following:

- a. State courts having jurisdiction over land use, planning, or zoning decisions made by an authority.
- b. The utilities division of the Public Works Department of commerce
- c. Any entities, including municipally owned utilities established under or governed by Title IX, subtitle 4 of the Code, that do not have zoning or permitting jurisdiction

**Alternative Antenna Structure** An existing pole or other structure within the public rights-of-way that can be used to support an antenna and is not a utility pole or a City-owned infrastructure.

**Antenna** means communications equipment that transmits and/or receives electromagnetic radio frequency signals used in the provision of Wireless Services. This definition does not apply to broadcast antennas, antennas designed for amateur radio use, or satellite dishes for residential or household purposes.

**Applicant** means the person submitting an application.

**Application** means the process by which a person submits a request to perform construction activity and/or indicates a desire to be granted permission in any way to utilize the rights-of-way of all, or a part, of the City. An application includes all written documentation, in whatever form or forum, made by a person to the City concerning: the installation of any type of public improvements, public utility facilities, the construction of a cable system or any type of information or telecommunications system over, under, on or through the rights-of-way.

**Attached wireless facilities** are those affixed to a structure except optical fiber, wires, coaxial cable and the mounting hardware used to attach optical fiber, wires, and coaxial cable. Examples of attached
facilities include but are not limited to antennas, telephone boxes, power boxes, and other equipment boxes and cabinets on structures located on the ground.

**Base Station** a structure other than a tower that supports or houses an antenna, transceiver, or other associated equipment that constitutes part of a “base station” at the time the relevant application is filed with the City, even if the structure was not built for the sole or primary purpose of providing such support, but does not include structures that do not at that time support or house base station components.

**Camouflage Design** Structures and associated equipment taking on the appearance of a piece of art, a natural feature, an architectural structural component or other similar element and which aesthetically blends with the surrounding building environment. Examples of camouflage design include, but are not limited to: architecturally screened roof-mounted antennas; antennas integrated into architectural elements; antennas designed to look other than an antenna; antennas integrated into existing buildings, sports field lights, highway signs, water towers, etc; and towers designed to blend into the surrounding environment or to look other than a tower, such as flag poles, trees, clock towers, monuments, and church steeples. All such designs are subject to the review and approval of the Community Development Department.

**City-Owned Infrastructure** Infrastructure in public right-of-way within the boundaries of the City, including, but not limited to, streetlights, traffic signals, towers, structures, or buildings owned, operated or maintained by the City.

**Collocate** means to install or mount a Small Wireless Facility in the Public ROW on an existing Support Structure, an existing Tower, or on an existing Pole to which a Small Wireless Facility is attached at the time of the Application. “Collocation” has a corresponding meaning.

**Collocated Small Wireless Facility Installation** means a single telecommunication tower, pole, mast, cable, wire or other structure supporting multiple antennas, dishes, transmitters, repeaters, or similar devices owned or used by more than one public or private entity.

A. A single ground or building mounted receive-only radio or television antenna including any mast, for the sole use of the tenant occupying the residential parcel on which the radio or television antenna is located; with an antenna height no higher than the height of the poles and antennas in the surrounding area;

B. A ground or building mounted citizens band radio antenna, including any mast, if the height (post and antenna) does not exceed the height of the poles and antenna in the surrounding area;

C. A ground or building mounted receive-only radio or television satellite dish antenna, which does not exceed thirty-six inches in diameter, for the sole use of the resident occupying a residential parcel on which the satellite dish is located; provided the height of said dish does not exceed the height of the ridgeline of the primary structure on said parcel.

D. Mobile services providing public information coverage of news events of a temporary nature.

E. Hand-held devices such as cell phones, business-band mobile radios, walkie-talkies, cordless telephones, garage door openers and similar personal-use devices.

F. Government-owned and operated receive and/or transmit telemetry station antennas for supervisory control and data acquisition (SCADA) systems for water, flood alert, traffic control devices and signals, storm water, pump stations and/or irrigation systems, with heights no higher than the height of the poles and antennas in the surrounding area.
G. Telecommunication facilities, including multiple antennas, in compliance with the applicable sections of this chapter, located on an industrial parcel and utilized for the sole use and purpose of a research and development tenant of said parcel, where it is found by the planning director to be aesthetically compatible with the existing and surrounding structures.

**Communications Facility** means collectively, the equipment at a fixed location or locations within the Public ROW that enables Communications Services, including: (i) radio transceivers, Antennas, coaxial, fiber-optic or other cabling, power supply (including backup battery), and comparable equipment, regardless of technological configuration; and (ii) all other equipment associated with any of the foregoing. A Communications Facility does not include the Pole, Tower or Support Structure to which the equipment is attached.

**Communication Structure** any communications tower, antenna, and related accessory structure used in the transmission or reception of microwave energy, analog data transfer techniques, radio frequency energy, and other digital data transfer techniques.

**Communications Structure Site** a tract or parcel of land that contains the wireless communication structure, accessory building(s), on-site parking, and may include other uses associated with and necessary for wireless communication and transmission.

**Distribute Antenna System (DAS)** A type of small wireless facility consisting of a network of spatially separated antenna nodes connected to a common source via a transport medium that provides wireless service within a geographic area. Generally, serves multiple carriers.

**Effectively Screen** aesthetically pleasing construction meant to conceal small wireless facility equipment. Shall be required where needed to improve the aesthetics of the local environment.

**Eligible Facilities Request** any request for modification of any existing wireless tower or base station that involves (a) collocation of new transmission equipment; (b) removal of transmission equipment; or (c) replacement of transmission equipment.

**Eligible Support Structure** any tower or base station, as defined in this section, provided that it is existing at the time the relevant application is filed to the City.

**Equipment Concealed** Whenever technically feasible, antennas, cabling, and equipment shall be fully concealed within a Pole, or otherwise camouflaged to appear to be an integrated part of a Pole.

**Facilities** means any and all equipment, structures, materials or tangible components located in the rights-of-way and used to provide a service, including without limitation: all plants, whether inside or outside, fiber strands or optic lines, electronic equipment, amplification equipment, optic equipment, transmission and distribution structures, antennas of any type, lines, termination equipment, pipes, poles, ducts, mains, conduits, inner ducts, regenerators, repeaters, underground lines, vaults, manholes, pull boxes, splice closures, wires and cables, and all other like equipment, fixtures and appurtenances used in connection with transmitting, receiving, distributing, offering, and/or providing such service. Facilities shall include, as the context dictates, wireless telecommunication facilities, as defined herein.

**Height** means maximum height of the small wireless facility, including antenna, above established grade measured at the base of the structure.

**Landscape Screening** The installation at grade of plantings, shrubbery, bushes or other foliage intended to screen the base of a small wireless facility from public view.
Lattice Tower an antenna support tower that is self-supporting with multiple legs and cross-bracing of structural steel

Permit Area Locations in city zones where small wireless facilities are permitted to be installed and operated pursuant to the requirements of this policy.

Major Wireless Telecommunications Facility means telecommunication towers, poles or similar structures greater than 50 feet in height, including accessory equipment such as transmitters, repeaters, microwave dishes, horns, and other types of equipment for the transmission or receipt of such signals, as well as support structures, equipment buildings and parking areas.

Micro Wireless Facility means a small wireless facility with dimensions no larger than twenty-four inches in length, fifteen inches in width, and twelve inches in height and that has an exterior antenna, if any, that is no more than eleven inches in length.

Minimum Height- the lowest vertical distance at which the structure can still operate at an efficient level of service. An efficient level of service is deemed to be 95% or greater of possible service levels.

Modification Includes collocation, removal, or replacement of an antenna or any other transmission equipment associated with the supporting structure.

Monopole A structure composed of a single spire, pole or tower designed and used to support antennas or related equipment and that is not a utility pole, an alternative antenna structure, or a City-owned infrastructure.

Provider means any person including a franchisee who is providing or is in the process of seeking permission to provide a service to citizens of the City through the placement of facilities or structures either owned or leased in and thereby occupying the rights-of-way, as defined herein.

Replacement exchanging of transmission equipment; not to include the structure on which the equipment is located.

Rights-of-way or ROW means the surface and space above and below any real property in which the City has a real property interest and/or which have been dedicated to the public or is hereafter dedicated to the public and maintained under public City or by others at the direction of the public City and located within the City including, but not limited to, public: streets, roadways, highways, avenues, lanes, alleys, bridges, sidewalks, easements, public ways and similar public property and areas.

Signage Signage is prohibited on all small wireless facilities and wireless support structures, including stickers, logos, and other non-essential graphics and information unless required by the FCC, except for a small placard identifying the service provider and contact information, which shall be placed at 6-feet above grade, facing away from the public rights-of-way.

Small Wireless Facility(ies) are low powered antennas that provide cellular and data coverage to small geographic areas supplementing the larger cellular network. It includes all equipment required for the operation and maintenance of radio-frequency communications systems that transmit and/or receive signals but are not "major wireless telecommunications facilities,” including antennas, electronics, and other types of equipment required for the transmission or receipt of such signals.

Alternatively, Small Wireless Facility means either of the following:

(a) Micro wireless facilities that are no larger in dimension than twenty-four (24) inches in length, fifteen (15) inches in width, and twelve (12) inches in height and that have an exterior antenna, if any, of no more than eleven (11) inches in length; or
(b) A wireless service facility where each antenna is located inside an enclosure of no more than 6 cubic feet in volume and where primary equipment enclosures associated with the small wireless facility is cumulatively no more than twenty-eight cubic feet in volume and shall be placed underground unless it is integrally incorporated inside the customary pole structure or base.

For purposes of this subparagraph volume shall be measured by the external displacement of the primary equipment enclosure, not the internal volume of each enclosure. An associated electric meter, concealment, telecommunications, demarcation box, ground-based enclosures, battery backup power systems, grounding equipment, power transfer switch, cutoff switch, cable, conduit and any equipment that is concealed from public view within or behind an existing structure or concealment may be located outside of the primary equipment enclosure and shall not be included in the calculation of the equipment volume.

For the purposes of this chapter, a small wireless facility does not include the following:

A. Wireline backhaul facility, which shall mean a facility used for the transport of communications data by wire from wireless facilities to a network.

B. Coaxial or fiber optic cables that are not immediately adjacent to or directly associated with a particular antenna or collocation.

C. Underlying vertical infrastructure, which shall mean poles or similar facilities owned or controlled by the City that are in the public rights-of-way or public utility easements and meant for, or used in whole or in part for, communications service, electric service, lighting, traffic control, or similar functions.

Small Wireless Facility Installation means all equipment required for the operation and maintenance of so-called "small cell" wireless communications systems that transmit and/or receive signals but are not "Major Telecommunications Facilities," including antennas, microwave dishes, power supplies, transformers, electronics, and other types of equipment required for the transmission or receipt of such signals.

Stealth Facility Any commercial wireless communications facility that is designed to blend into the surrounding environment by means of screening, concealment, or camouflage. The antenna and supporting antenna equipment are either not readily visible beyond the property on which they are located, or, if visible, appear to be part of the existing landscape or environment rather than identifiable as a wireless communications facility. Stealth facilities may be installed, but such installation methods are not limited to, undergrounding, partially undergrounding and landscaping.

Structure means anything constructed or erected with a fixed location below, on, or above grade, including, without limitation, service cabinets, junction boxes, foundations, fences, retaining walls, awnings, balconies, and canopies.

Structure Height the vertical distance measured from the base of the antenna support structure at grade to the highest point of the structure. If the support structure is on a sloped grade, then the average between the highest and lowest grades of the cell site shall be used in calculating the height.

Tower Any structure that is designed and constructed primarily for the purpose of supporting one or more antennas, including self-supporting lattice towers, guy towers, or monopole towers, and that is not a utility pole, an alternative antenna structure, or a City-owned infrastructure. Except as otherwise provided for by this Policy, the requirements for a tower and associated antenna facilities shall be those required in this Policy.
**Utility Pole** An upright pole or similar structure owned and utilized in a whole or in part by a public utility, municipality. It is designed and used to support electric cables, telephone cables, telecommunication cables, cable service cables, which are used to provide lighting, traffic control, signage, or a similar function.

**Variance or Variation** A grant of relief by the **Community and Economic Development Director** or his/her designee.

**Wi-Fi Antenna** An antenna used to support Wi-Fi broadband Internet access service based on the IEEE 802.11 standard that typically uses unlicensed spectrum to enable communication between devices.

**D. Standards and Regulations:**

**Small Wireless Facilities** will be permitted to be placed in right-of-way within the jurisdiction of the City as attachments to existing utility poles, alternative antenna structures, or City-owned infrastructure subject to the following regulations.

- **A. Aesthetics.** A small wireless facility shall reasonably match the aesthetics of an existing utility pole or wireless support structure in the area that incorporates decorative elements. Furthermore, a small wireless facility will allow retroactive aesthetic or placement requirements.

- **B. Number Limitation and Co-Location.** The **Community and Economic Development Director** or his/her designee may regulate the number of **small wireless facilities** allowed on each utility pole or unit of City-owned infrastructure. Up to **two (2) small wireless facilities** will be permitted on utility poles or Alternative Antenna Structure. This Policy does not preclude or prohibit co-location of **small wireless facilities** on towers or monopoles that meet the requirements as set forth elsewhere in this section or as required by federal law.

- **C. Separation and Clearance Requirements for Existing Decorative Poles.** **Small wireless facilities** may be attached to a utility pole, alternative antenna structure, monopole, or City-owned infrastructure including decorative only where such pole, structure or infrastructure is located evenly behind the curb. This supports The FCC Order that creates a One-Touch-Make-Ready (“OTMR”) regiment for pole attachments. The City of Indianola, Iowa currently maintains three Corridors with decorative lighting.

- **D. Separation and Clearance Requirement New Small Wireless Facilities.** For new **small wireless facilities** between existing decorative street lights no closer than a distance equal to one hundred (100) per cent of the height of such facility to any residential building and no closer than **Three Hundred (300) feet** from any other **small wireless facility** for the same carrier. A new small wireless facility shall be installed on the nearest lot line and not in front of the building or structure on the lot. A separation or lesser clearance may be allowed by the **Community and Economic Development Director** or his/her designee as an administrative variance to this Policy when the Applicant establishes that the lesser separation or clearance is necessary to close a significant coverage or capacity gap in the Applicant's services or to otherwise provide adequate services to customers, and the proposed antenna or facility is the least intrusive means to do so within the right-of-way.

- **E. City-Owned Infrastructure.** The City’s preference is that **Small Wireless Facilities** be installed on non-City-owned infrastructure. If the facility is attached to City-owned infrastructure then the **Small Wireless Facilities** can only be mounted to City-owned
infrastructure including, but not limited to, streetlights, towers or buildings, if authorized by a license or other agreement between the owner and the City.

**F. Construction Requirements.** All Small Wireless Facility installations shall comply with the following:

1. All needed traffic control shall comply with the most recent version of the Manual on Uniform Traffic Control Devices.
2. Any needed lane closures on arterial roadways shall not start before 9:00 A.M. and end no later than 3:00 P.M.
3. Small Wireless Facilities shall be installed on non-decorative facilities/poles wherever possible.
4. Once new pole designs have been approved in an area, all providers shall use the same pole design.
5. Installations shall foster an aesthetically pleasing environment, prevent visual blight, protect and preserve public safety and general welfare, and maintain the character of residential and nonresidential areas consistent with the adopted plans and compliance of applicable State and Federal legislation.
6. All disturbed or damaged ROW shall be hydro-seeded, seeded with erosion mat or replaced with sod as soon as completed.
   a) If seeding or hydro-seeding, prepare the area by hand raking to a depth of 3-4 inches and proper grade. When hydro-seeding, scarify the seedbed to facilitate lodging and germination of the seed.
   b) If sodding, sod shall be rolled immediately after laying to create firm contact with the ground.

Areas shall be maintained by the permittee until satisfactory growth is established. Permittee shall water all seeded or sodded areas once per day for the first 15 days and as needed until established growth and signed off by the city. Any day that there is ¼” or more rainfall in that 24-hr. period, watering does not need to take place.

7. It will be the responsibility of the Permittee to work with property owners to identify location of any existing lawn irrigation system within the public right of way. Any damage to these systems is the responsibility of the Permittee to repair.
8. Installations shall maintain a minimum distance of 15 feet from existing trees in the ROW.
9. Only equipment necessary for the installation of Small Wireless Facilities can sit on the right of way. Large trucks must stay on a hard surface at all times. No equipment can be left on the right of way overnight.
10. Work **cannot** take place during City snow/ice operations.
11. The City reserves the right to deny any future projects with the Permittee if the Permittee has failed to follow the aforementioned Construction Requirements on a previous permit.

**G. New Towers.** When approved by the City, a new monopole shall be installed on the nearest lot line and not in front of the building or structure on the lot. No new monopole or other tower to
support small wireless facilities shall be installed in rights-of-way, that exceeds the height of surrounding existing poles, within the jurisdiction of the Indianola, Iowa unless the Community and Economic Development Department finds, based on clear and convincing evidence provided by the applicant, that locating the small wireless facilities on the rights-of-way is necessary to close a significant coverage or capacity gap in the Applicant’s services or to otherwise provide adequate services to customers, and the proposed new monopole or other tower within the rights-of-way is the least intrusive means to do so.

a. New monopole or tower installations, where approved by the City, shall maintain a minimum horizontal clearance of four (4) feet from all City utilities.

b. New monopole or tower installations, where approved by the City, shall maintain a minimum horizontal distance of 15 feet from existing trees in the ROW.

H. Attachment Limitations. No small wireless telecommunication antenna or facility within the rights-of-way will be attached to a utility pole, alternative antenna structure, tower, or City-owned infrastructure unless all of the following conditions are satisfied:

a. Surface Area of Antenna: The small wireless telecommunication antenna, including antenna panels, whip antennas or dish-shaped antennas, cannot have a surface area of more than six (6) cubic feet in volume.

b. Size of Above-Ground Small Wireless Facility: The total combined volume of all above-ground equipment and appurtenances comprising a small wireless facility, exclusive of the antenna itself, cannot exceed twenty-eight (28) cubic feet.

c. Small Wireless Facility Equipment: The operator of a small wireless facility must, whenever possible, locate the base of the equipment or appurtenances at a height of no lower than twelve (12) feet above grade.

d. Small Wireless Facility Services Equipment Mounted at Grade: Any equipment or appurtenances that are to be installed outside the exterior of the pole, monopole or structure, must be installed below grade. Pedestals at grade are allowed. In the event that the operator of a small wireless facility proposes to install a facility where equipment or appurtenances are to be installed at grade outside of the right-of-way. Where required screening must be installed to minimize the visibility of the facility. Screening must be installed outside the right-of-way, at least three (3) feet from the equipment installed at-grade and eight (8) feet from a roadway.

e. Height: The top of the highest point of the antenna cannot extend more than three (3) feet above the highest point of the utility pole, alternative antenna support structure, tower or City-owned infrastructure. If necessary, the replacement or new utility pole, alternative support structure or City-owned infrastructure located within the public rights-of-way may not be higher than existing poles adjacent to the replacement or new pole or structure.

f. Color: A small wireless facility, including all related equipment and appurtenances, must be a color that blends with the surroundings of the nearest pole, structure tower or infrastructure on which it is mounted and use non-reflective materials which blend with the materials and colors of the surrounding area and structures. Any wiring must be covered with an appropriate cover.
g. **Antenna Panel Covering:** A small wireless facility antenna may include a radome, cap or other antenna panel covering or shield, to the extent such covering would not result in a larger or more noticeable facility and, if proposed, such covering must be of a color that blends with the color of the pole, structure, tower or infrastructure on which it is mounted.

h. **Wiring and Cabling:** Wires and cables connecting the antenna to the remainder of the facility must be installed in accordance with the electrical code currently in effect. No wiring and cabling serving the facility will be allowed to interfere with any wiring or cabling installed by a cable television or video service operator, electric utility or telephone utility.

i. **Grounding:** The small wireless facility must be grounded in accordance with the requirements of the electrical code currently in effect in the City.

j. **Guy Wires:** No guy or other support wires will be used in connection with a small wireless facility unless the facility is to be attached to an existing utility pole, alternative antenna support structure, tower or City-owned infrastructure that incorporated guy wires prior to the date that an applicant has applied for a permit.

k. **Pole Extensions:** No pole extensions to utility poles, alternative support structures, towers and City-owned infrastructure are allowed.

l. **Structural Integrity:** The small wireless facility, including the antenna, and all related equipment must be designed to withstand a wind force and ice loads in accordance with applicable standards established in Chapter 25 of the National Electric Safety Code for utility poles, Rule 250-B and 250-C standards governing wind, ice, and loading forces on utility poles, in the American National Standards Institute (ANSI) in TIA/EIA Section 222-G established by the Telecommunications Industry Association (TIA) and the Electronics Industry Association (EIA) for steel wireless support structures and the applicable industry standard for other existing structures. For any facility attached to City-owned infrastructure or, in the discretion of the City, for a utility pole, tower, or alternative antenna structure, the operator of the facility must provide the City with a structural evaluation of each specific location containing a recommendation that the proposed installation passes the standards described above. The evaluation must be prepared by a professional structural engineer licensed in the State of Iowa.

m. **Signage.** Other than signs required by federal law or regulations or identification and location markings, installation of signs on a small wireless facility is prohibited.

n. **Screening.** Where screening is required, it must be natural landscaping material or a fence subject to the approval of the City and must comply with all regulations of the City. Appropriate landscaping must be located and maintained and must provide the maximum achievable screening, as determined by the City, from view of adjoining properties and public or private streets. Notwithstanding the foregoing, no such screening is required to extend more than six (6) feet in height. Landscape screening when permitted in the right-of-way must be provided with a clearance of three (3) feet in all directions from the facility. The color of housing for ground-mounted equipment must blend with the surroundings. For a covered structure, the maximum reasonably achievable screening must be provided between such facility and the view from adjoining properties and public or private streets.
I. **Permission to Use Utility Pole or Alternative Antenna Structure.** The operator of a small wireless facility must submit to the City written copies of the approval from the owner of a utility pole, monopole, or an alternative antenna structure, to mount the small wireless facility on that specific pole, tower, or structure, prior to issuance of the City permit.

J. **Licenses and Permits.** The operator of a small wireless facility must verify to the City that it has received all concurrent licenses and permits required by other agencies and governments with jurisdiction over the design, construction, location and operation of said facility have been obtained and will be maintained within the corporate limits of the City.
   a. The City currently maintains 3 corridors with decorative street lighting on them. The City maintains that it reserves to determine accessibility to the street lighting.
   b. The City reserves the right to deny any future projects with the Permittee if the General Terms and Conditions or Special Provisions of this Permit have not been stratified.

K. **Abandonment and Removal.** Any small wireless facility located within the corporate limits of the City that is not operated for a continuous period of twelve (12) months, shall be considered abandoned and the owner of the facility must remove same within ninety (90) days of receipt of written notice from the City notifying the owner of such abandonment. Such notice shall be sent by certified or registered mail, return-receipt-requested, by the City to such owner at the last known address of such owner. In the case of small wireless facilities attached to City owned infrastructure, if such facility is not removed within ninety (90) days of such notice, the City may remove or cause the removal of such facility through the terms of the applicable permit agreement or through whatever actions are provided by law for removal and cost recovery.

L. **NOISE AND EMISSION STANDARDS.**
   a. **Noise.** The incorporation of ambient noise suppression measures is required, and/or it is required to place the equipment in locations less likely to impact adjacent residences or businesses to ensure compliance with all applicable noise regulations. The maximum allowable noise emitted by the Small Wireless Facility shall not exceed 30 dB measured at a distance of 3 feet from any portion of the facility.
      The only exception is during emergencies or periodic routine maintenance which requires the use of a back-up generator, where the noise standards may be exceeded temporarily.
   b. **Emissions.** The Federal Telecommunications Act of 1996 gives the FCC sole jurisdiction to regulate radio frequency emissions. Facilities that meet the FCC standards shall not be conditioned or denied on the basis of emissions impacts. Applicants for tower sites shall be required to provide information on the projected power density of the facility and how this meets the FCC standards.

M. **New Technologies** Should, within the term of any lease, developments within the field for which the grant was made to the holder of the lease, present the opportunity to the holder of the lease to be more effective, efficient and economical through the use of a substance or material other than those for which the lease was originally made, the holder of the lease may petition the Community Development Department which, with such requirements or limitations as it deems necessary to protect public health, safety and welfare, may allow the use of such substances under the terms and conditions of the lease.
N. Safety Requirements

a. **Prevention of failures and accidents.** Any Person who owns a Small Wireless Facility and/or Wireless Support Structure sited in the ROW shall at all times employ ordinary and reasonable care and install and maintain in use industry standard technology for preventing failures and accidents which are likely to cause damage, injury, or nuisance to the public.

b. **Compliance with fire safety and FCC regulations.** Small Wireless Facilities, wires, cables, fixtures, and other equipment shall be installed and maintained in substantial compliance with the requirements of the National Electric Code, all FCC, state, and local regulations, and in such manner that will not interfere with the use of other property.

c. **Changes in state or federal standards and regulations.** If state or federal standards and regulations are amended, the owners of the Small Wireless Facilities and/or Wireless Support Structures governed by this chapter shall bring any facilities and/or structures into compliance with the revised standards and regulations within six months of the effective date of the standards and regulations, unless a different compliance schedule is mandated by the regulating agency. Failure to bring Small Wireless Facilities and/or Wireless Support Structures into compliance with any revised standards and regulations shall constitute grounds for removal at the owner’s expense.

d. **Indemnification** Any Person who owns or operates Small Wireless Facilities or Wireless Support Structures in the ROW shall indemnify, protect, defend, and hold the City and its elected officials, officers, employees, agents, and volunteers harmless against any and all claims, lawsuits, judgments, costs, liens, losses, expenses, fees to include reasonable attorney fees and costs of defense, proceedings, actions, demands, causes of action, liability and suits of any kind and nature, including personal or bodily injury or death, property damage or other harm for which recovery of damages is sought, to the extent that it is caused by the negligence of the Operator who owns or operates Small Wireless Facilities and wireless service in the ROW, any agent, officer, director, representative, employee, affiliate, or subcontractor of the Operator, or their respective officers, agents, employees, directors, or representatives while installing, repairing, or maintaining facilities in the Rights-of-Way.

e. **Surety bond or equivalent financial tool for cost of removal.** All owners must procure and provide to the City a bond, or must provide proof of an equivalent financial mechanism, to ensure compliance with all provisions of this chapter. The bond must be maintained for as long as the owner has Small Wireless Facilities and/or Wireless Support Structures located in the ROW. The bond or equivalent financial method must specifically cover the cost of removal of unused or Abandoned Small Wireless Facilities and/or Wireless Support Structures or damage to City property caused by an Operator or its agent of each Small Wireless Facility and/or Wireless Support Structure in case the City has to remove or pay for its removal. Two acceptable alternatives to a bond include a funds set-aside and a letter of credit.

O. **Severability** The various parts, sentences, paragraphs, Sections and clauses of this Chapter are hereby declared to be severable. If any part, sentence, paragraph, Section or clause is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of this Chapter shall not be affected thereby.
Conflict of Laws

Where the conditions imposed by any provisions of this Chapter regarding the siting and installation of small wireless facilities are more restrictive than comparable conditions imposed elsewhere in any other local law, policy, resolution, rule or regulation, the regulations of this Policy will govern.
