Subject: WCJC Weekly Work Plan

Charlie:

Going forward on a weekly basis I will be sending you an update on the project and what is scheduled for the next week. For now the information will be a list in my weekly e-mail. Soon it will simply be an attachment on a special form we call the Weekly Work Plan. I am going to refrain from assuming what may or may not be of interest to the City. If you have questions on anything being communicated please do not hesitate to contact me. If you find speaking in person would be preferred we can accommodate that as well. Thanks.

Week of May 13th, 2019

- Demolition contractor will be demolishing and removing the interior building materials of the Courthouse. This activity will occur thru the week.
- IMU (if not complete by tomorrow) will continue installing new electrical infrastructure to provide temporary power along Ashland for City events.
