Good morning, all.

I hope this finds everyone well. The purpose of this is to share a few mid-week updates.

1. County Meeting – Just a reminder that the City's special use permit application for the proposed wastewater treatment plant will be subject of a public hearing tonight (notice attached – this is the same notice previously provided in the November 9th Waller's Weekly). As you know, consideration of the application was tabled following extensive testimony at the previous meetings in September and October.
2. Employee Luncheon – You are all invited to join staff at the Activity Center tomorrow over the lunch hour for our employee luncheon. The menu will feature tacos, rice, beans and desserts provided by MishMash.
3. IMU Transition – Attached, please find an email from Tom Gaffigan. This is a follow-up to the information that was provided in the November 9th Waller's Weekly. Tom and I will likely talk more about this later this week.

As always, if there are any questions, please let me know. Have a great day.

Ryan
